

CONFERENCE FAILS TO END PHONE STRIKE

Postmaster-General Burleson is Declared Stumbling Block to Settlement by Officials of the Telephone Companies

Another Session of the Union Leaders and Wire Men is Probable Today. But Little Hope for Results is Held

This morning's conference of Pacific Telephone and Telegraph Company officials with striking employees ended with no adjustment having been made of the situation and only a dim prospect for one in the future. Though there was a possibility of the conference being resumed this afternoon, it was not believed by either side that a settlement would be achieved today or, probably, this week.

Representatives of the unions ran against a stumbling block with which they had not reckoned when they were told in conference today that the company was unable to make an adjustment except as authorized by the Federal Communications Commission. The company officials declared Burleson would not permit the company to grant the full demands the electrical workers and operators had made.

SIGN WITH POWER COMPANY FOR \$6 PER DAY.

It is said to have developed in today's conference that the electrical workers' union had signed up with the great Western Power company on a \$4 basis as against the \$6.50 asked of the telephone company for line men up to \$1.10 for other employees. Company representatives said there has always been a recognized differential of 20 cents between telephone and electrical employees in favor of the latter.

The company's side it was emphasized in an announcement after the conference that the company has not the usual corporate powers of increasing pay and that it is laboring under the government control system. This statement was made:

"We can only submit to international union demands, and we and our associates, representing the striking operators and line men, the terms which Postmaster General Burleson may name, one promise is that we will always stand by the government side of the strike."

"We are paid a certain stipulated rental for the use of the Pacific Telephone and Telegraph Company's lines and service, which is paid to us for telephone service is turned over to the government. We are not free agents and cannot act in accepting or refusing the demands of the strikers as though our lines had been returned to the pre-war private ownership."

Members of the Oakland operators' union were busy at Fresno today in an effort to persuade the girls there, one of the few cities so far involved in the walkout, to strike. The strike, the Oakland girls had struck this afternoon, according to press dispatches.

NOT FREE TO RAISE OR REDUCE WAGES.

Miss Lillian Blevins, business agent of the telephone girls' union in this city, appeared as a major character in the conference today, having been clothed with the authority of the international operators' union by its president, Miss O'Connor. Miss O'Connor was reported to have sent a communication endorsing the walk-out. The Cooks and Waiters' Union has offered moral and financial support. The Building Trades Council has sent Postmaster General Burleson resolutions seeking intervention in the strikers' behalf.

New Pacific Fleet to Start Through Canal in August

(By United Press)

WASHINGTON, June 20.—Movement of the new Pacific fleet from the Atlantic coast will be begun by August 1, Secretary of the Navy Daniels said today. The fleet will be practically formed before it starts through the canal.

Secretary Daniels may accompany the fleet. He will visit the Pacific coast in August.

Vessels that will make up the fleet are not yet known, Daniels said, with the exception of the battleship Idaho. This ship, after taking President Persson of Brazil home early in July, will return via the Panama canal.

DOUBLE HANGING IS MARKED BY FAINTING SCENE

SAN QUENTIN, June 20.—While a jury was deliberating on the death of the two men, Joseph Rogers and Clarence Rollins, used a terribly prolonged death on the gallows here this morning, owing to bungling mechanics, Rogers kicked so wildly that his shoes flew off, as his body contorted in agony. He was suspended for 15 minutes before he died. Rollins died a minute sooner.

When the struts attached to the catch were cut they failed to release the traps on which the condemned men stood for thirty seconds. It was necessary for the executioner to slip the trap by hand.

Rogers, the older man, displayed some nervousness on the scaffold, but Rollins was completely at ease. The two men were hanged for the murder of Charles Allen, a saloon keeper on the Sonoma road, near Knights Ferry, last July.

Their conviction and sentence to death followed soon after in the court of Judge G. W. Nicol.

As a result of an investigation, a strong plea was made to Governor Stephens for clemency in the case of Rollins on the ground that "he never had a chance." Rollins was born of an Indian mother and a white father, and his conviction was said to have been unpleasant. When he was six years old Rollins' mother left her white husband and later married a man employed in a slaughter house, where the boy was placed at work.

In time Rollins became a stage driver and worked at other jobs until he became acquainted with Stephens, who was then a convict in a term in San Quentin prison. This marked his beginning in a career which threatened its way through various channels of the underworld and eventually led to his death on the gallows.

Strikers' Picket is Stoned by Youths

BERKELEY, June 20.—Pauline Sayre, picket of the telephone company, was struck on the head by a rock, thrown last night by youths. Her hat and glasses were knocked off, but she suffered no injury. Some of the strikers' workers who were nearby chased the youth, but they escaped. The rock was thrown while Miss Sayre and several other girls were standing in front of the telephone company building.

It was announced today that two more girls have been obtained by the company and that the exchange now is being run by twelve operators.

Walsh and Dunne Plead for Countess

PARIS, June 20.—Messrs. Walsh and Dunne, representatives of the American Irish Society, have addressed a letter to Premier Lloyd George asking for the immediate release of Countess Markievicz, who is described as "the minister of labor in the Irish republic."

They charge the arrest was in reprisal for giving information regarding brutalities against Irish women.

Poles Again Fear Invasion by Germans

LONDON, June 20.—Germany has concentrated three armies of 100,000 men each at Königsberg, Olsberg and Breslau, and a fourth at Yverdon, according to a dispatch from Poland. Polish leaders here fear the Germans are endeavoring to aggravate the tense situation to warrant the evasion to Poland.

City Guards Patrol With Machine Guns

WATERBURY, Conn., June 20.—City guards, armed with machine guns, patrolled Brooklyn, Conn., a suburb, today to prevent renewed rioting by striking brass workers.

In a riot there last night two policemen were seriously injured and 35 men and 5 women were arrested.

Austrian Troops to Prevent Coup by Reds

VIENNA, June 20.—Austrian troops have been ordered to the Hungarian frontier to block an attempt by Hungarian communist troops to advance into Austria in conjunction with a Red coup, reportedly scheduled to take place in Budapest today.

NEW EVIDENCE IS PROBED BY POLICE GRAFT

Banker is Among Witnesses Called by the Grand Jury to Find "Higher-Ups"; Information Is Being Sought

Jurors Said to Have Been Told of Demands Made on White Lottery Peddlers for "Protection" Money for Police

Investigations of alleged police graft that covered a wider scope than any heretofore conducted by the grand jury court, with the examination of five witnesses in the forenoon session, a list of six more for the afternoon session, and several angles of alleged police graft under scrutiny.

Attorney Ezra Decoto announced after the forenoon session that he expected indictments before night.

Alleged graft in connection with "white lottery" affairs formed one angle of the probe with the examination of five witnesses. Smith, recently arrested under the war-time "work or fight" law, was police demanded "protection" money.

Smith, at the time of his arrest, charged that he had been held in the city prison for four days and then released, and that his arrest was an attempt by the police to "hold him up" for protection money. He said that after he had been released, he was called by the police that if he would pay protection money he would be allowed to operate. Smith, according to witnesses called at the forenoon session, included Chin Ling, owner of Jackson street saloon, and Walter, banker, who was questioned regarding bank deposits of certain prominent men whose names were mentioned in the probe. Policemen Charles Pullman, late of the Chinatown beat, and Sam Ke, Chinese gambler.

Conditions in the Agricultural Area on Pacific Grow More Uncertain, Solons Told; Mexico Oil Leases Problem

WASHINGTON, June 20.—Despite legislation forever barring Japanese immigration, Senator Phelan, California, today warned America to be ready for "war on the Pacific."

Appearing as a witness before the House immigration committee, Phelan appealed to Congress to save the western states from economic death at the hands of the "sons of the Orient."

"The more short of the world is the Orient," Phelan said, "it is a place to be watched for 'eventualities.' Our future wars will be on the Pacific and the Pacific will be the scene of the struggle."

NOT TO BE COMPROMISED WITH DECLARATIONS.

"The House have come, the House of the East. Those Japanese are not to be compromised with; they must be driven out like a plague of locusts, which are a scourge in economic desecration."

Conditions in the agricultural area of the Pacific states daily are becoming unbearable, Phelan declared. He reported thousands of cases of Japanese who had come with their families to California, and purchased land only to find in a year or two that they were surrounded by "despicable neighbors, who recognized no standards of civilization or living."

All the Japanese seek is money and there has been no limit to which they would not go to increase their world stores. The "despicable neighbors" who recognized no standards of civilization or living. All the Japanese seek is money and there has been no limit to which they would not go to increase their world stores. The "despicable neighbors" who recognized no standards of civilization or living.

Law to Bar Japanese Is Demand of Phelan

Economic Death for California Predicted by Senator Unless Bars Are Lowered by U. S. to Immigration From East

1200 TO FACE ARIZONA TRIAL FOR KIDNAPING

Wholesale Arrests of Wealthy Citizens and Mining Officials to Be Outgrowth of the Deportation of 1183 I. W. W.

County May Face Bankruptcy, if Separate Jury Trials Are Demanded; 313 Days for Preliminary Hearings Alone

BY ASSOCIATED PRESS

PHOENIX, Ariz., June 20.—Warrants for 1200 residents of Bisbee, Ariz., charging them with kidnaping, as a result of the Disbee deportations of July 12, 1917, are being prepared today by County Attorney R. N. French of Cochise county, according to the Arizona Labor Journal's issue of today.

It is estimated that against approximately 1200 prominent Arizonans have been filed and arrests will begin soon in what is expected to be the largest criminal prosecution in American history from the standpoint of numbers involved.

JURY TRIALS FOR ALL MAY BANKRUPT COUNTY.

The names of the defendants will not be made known until service of the warrants begins. The list includes, it is understood, prominent and wealthy citizens and officials of leading mining companies of the Bisbee-Warren district.

It is estimated that unless the defendants waive preliminary hearings or are willing to launch their cases, it will require 313 days to complete proceedings in the justice courts. A jury trial of the Superior court, as predicted, will threaten to bankrupt Cochise county.

The number of defendants represents nearly one-tenth of the population of Bisbee and almost half of the heads of the families in the county.

BASED ON DEPORTATION OF 1183 I. W. W. SCOTTS.

The charge of kidnaping is based on the manner in which 1183 alleged I. W. W. and others were deported from Bisbee on the morning of July 12, 1917. The charge is that the I. W. W. were kept in the county jail, where they were held in a room, for which the I. W. W. were paid, had been in progress a short time and it was alleged agitators were preventing a settlement.

A jury trial of the Superior court, as predicted, will threaten to bankrupt Cochise county.

The number of defendants represents nearly one-tenth of the population of Bisbee and almost half of the heads of the families in the county.

GERMANS READY TO SIGN; SCHEIDEMANN CABINET OUT

President Wilson Gives Clemenceau Irish Resolution

WASHINGTON, June 20.—President Wilson has submitted to Premier Clemenceau the Borch resolution calling for a hearing by the peace commission of Sinn Fein representatives, with the request that it be given "special consideration," Acting Secretary of State Polk informed the senate this afternoon.

WILSON CALLS DELEGATES TO OPPOSE DELAY

PARIS, June 20.—President Wilson returned to Paris this morning from his two-day tour of devastated Belgium, after receiving a cordial reception from the Belgian people.

The President read the news of the overthrow of the Orlando government in Italy on the train en route here. Upon his arrival in Paris this morning, he motored direct to the "White House," called for reports on the situation in Italy and Germany and read them while eating breakfast.

Members of the United States peace delegation are withholding comment upon the Italian situation and its probable effect upon the peace negotiations, including the settlement of the Fiume controversy, until the make-up of the new Italian cabinet and the names of the new Italian peace commission are received.

The President's decision to resign the cabinet should be received. The President's decision to resign the cabinet should be received.

LABOR AGAINST FREEING PRISON INMATES OF U.S.

ATLANTIC CITY, N. J., June 20.—Consideration of the league of nations and its labor covenant, which was started at the American Federation of Labor's annual convention, was continued today in a session after lunch, with Andrew Furuseth of the Seamen's Union leading the opposition to a proposal to have organized labor enforce both the league and the covenant.

Furuseth charged that someone in Paris, after the American delegates had left, inserted the word "merely" into the phrase declaring that "labor is not immediately 'between' not and 'a'." This reversing its meaning. "If the United States becomes a member of the League of Nations," he declared, "it will have lost everything we ever struggled for."

"No American ideals were left in the labor covenant," Furuseth declared. "After the conference at Paris got through with it, he said he did not wish to be considered as criticizing President Wilson."

President Wilson no doubt felt that he was compelled to accept what he did accept. The concentrated will of all European countries were breaking on his breast.

ATLANTIC CITY, N. J., June 20.—The radical element of the American Federation of Labor was again overwhelmingly defeated here today when the convention, after bitter debate, voted against a resolution asking for the general release of approximately 2000 persons convicted under the espionage act during the war.

The federation went on record as disapproving the release of the espionage act until after the peace treaty was signed, despite bitter and inflammatory speeches by radicals. It was recommended that in some cases reduction of sentence be granted, but it was emphatically not the sense of the convention that there should be a general delivery. Erzberger in the new cabinet to be formed will be: "Minister of reconstruction and fulfillment of the treaty."

Furuseth charged that someone in Paris, after the American delegates had left, inserted the word "merely" into the phrase declaring that "labor is not immediately 'between' not and 'a'." This reversing its meaning. "If the United States becomes a member of the League of Nations," he declared, "it will have lost everything we ever struggled for."

"No American ideals were left in the labor covenant," Furuseth declared. "After the conference at Paris got through with it, he said he did not wish to be considered as criticizing President Wilson."

President Wilson no doubt felt that he was compelled to accept what he did accept. The concentrated will of all European countries were breaking on his breast.

ATLANTIC CITY, N. J., June 20.—The radical element of the American Federation of Labor was again overwhelmingly defeated here today when the convention, after bitter debate, voted against a resolution asking for the general release of approximately 2000 persons convicted under the espionage act during the war.

The federation went on record as disapproving the release of the espionage act until after the peace treaty was signed, despite bitter and inflammatory speeches by radicals. It was recommended that in some cases reduction of sentence be granted, but it was emphatically not the sense of the convention that there should be a general delivery. Erzberger in the new cabinet to be formed will be: "Minister of reconstruction and fulfillment of the treaty."

LABOR AGAINST FREEING PRISON INMATES OF U.S.

ATLANTIC CITY, N. J., June 20.—Consideration of the league of nations and its labor covenant, which was started at the American Federation of Labor's annual convention, was continued today in a session after lunch, with Andrew Furuseth of the Seamen's Union leading the opposition to a proposal to have organized labor enforce both the league and the covenant.

Furuseth charged that someone in Paris, after the American delegates had left, inserted the word "merely" into the phrase declaring that "labor is not immediately 'between' not and 'a'." This reversing its meaning. "If the United States becomes a member of the League of Nations," he declared, "it will have lost everything we ever struggled for."

CASSEL WILL BE AMERICANS' OBJECTIVE IN EVENT OF WAR BEING RESUMED

Wilson Lauds Belgian Patriotism League of Nations Project Upheld

BRUSSELS, June 19.—In an address made before the Belgian Chamber of Deputies here today President Wilson said, in part: "The enemy committed many but the initial outrage was the outrages in this war, gentlemen, the fundamental outrage of all. They

with that insolent indifference, violated the sacredness of treaties. They showed that they did not care for the honor of any pledge. They showed that they did not care for the independence of any nation, whether it had raised its hand against them or not, that they were ruthless in their determination to have their own whim at their pleasure. Therefore, it was the violation of Belgium that awakened the world to the reality

of the character of the struggle. A very interesting thing came out of that struggle which seems almost like an illogical consequence. WANT NO NEUTRALITY. One of the first things that the representatives of Belgium said to me after the war began was that they did not want their neutrality guaranteed. They did not want any neutrality. They wanted equality, not because, as I understand them, their neutrality was insecure, but because their neutrality put them upon a different basis of action from other peoples. In their natural and proper pride they desired to occupy a place that was not exceptional, but in the ranks of free peoples under all governments.

I honored this instinct in them, and it was for that reason that the first time I had occasion to speak of what the war might accomplish for Belgium, I spoke of her winning a place of equality among the nations.

BELGIUM RIGIDLY OWN. So Belgium has, so to say, once more come into her own through this deep valley of suffering through which she has gone. Not only this but she has liberated the governments of the civilized world together. They have realized their common duty. They have drawn together as if instinctively into a league of peace. They have put the whole power of organized mankind behind this conception of justice, which is common to mankind.

That is the significance, gentlemen, of the League of Nations. The League of Nations was an inevitable consequence of this war. It was a league of rights, and no thoughtful statesman who let his thought run in to the future, could wish for a moment to slacken those bonds. His first thought would be to strengthen them and to perpetuate the combination of the great governments of the world for the maintenance of justice.

LEAGUE CHILD OF WAR. The League of Nations is the child of this great war, for it is the expression of those permanent resolutions which grew out of the temporary necessities of this great struggle, and any nation which declines to adhere to this covenant deliberately turns away from the most telling appeal that has ever been made to its conscience and to its manhood.

The nation that wishes to use the League of Nations for its convenience and not for the service of the rest of the world deliberately chooses to turn back to those days of selfish competition, when every nation thought first and always of itself, and not of its neighbors; thought of its rights and forgot its duties; thought of its power and overlooked its responsibility.

FINE PARTNERSHIP. Those bad days, I hope, are gone and the great moral power, backed, if need be, by the great physical power of the civilized nations of the world, will now stand firm for the maintenance of the fine partnership which we have thus inaugurated.

It cannot be otherwise. Perhaps the conscience of some chancelleries was asleep, and the outrage of Germany awakened it. You cannot see anything of right without beginning to know what the principles of right are and to love them, to despise those who violate them and to form the firm resolve that such a violation shall now be punished, and in the future be prevented.

These are feelings with which I have come to Belgium, and it has been my thought to propose to the Congress of the United States, as a recognition and as a welcome of Belgium into her new status of complete independence to raise the mission of the United States of America to Belgium to the rank of an embassy and send an ambassador. This is the rank which Belgium enjoys in our esteem; why should she not enjoy it in form and in fact?

LOOKING AHEAD. So, gentlemen, we turn to the future. Mr. Lyman has spoken in true terms of the necessities that lie ahead of Belgium and of many another nation that has come through this great war with suffering and with loss. We have shown Belgium in the forms in which she has been generous enough to recite, our friendship in the past. It is now our duty to organize our friendship along new lines.

The Belgian people and the Belgian leaders need only the tools to restore their life. Their thoughts are not crushed; their purposes are not obscured. Their plans are complete and their knowledge of what is involved in industrial revival is complete.

ALLY FORCES PREPARE FOR RAPID BLOWS

WASHINGTON, June 20.—War department plans for action in case of the Germans' refusal to sign the treaty are complete. Strategic features of the action, military experts here say, would be handled in France by Marshal Foch and his aides and it is not anticipated that there would be need of additional American troops.

With these two phases of the problem out of the way the work of the department here would be confined almost wholly to sending supplies of ammunition, food and clothing, and this would involve additional effort only in case of an extensive campaign, which is not considered likely.

CASSEL TO BE OBJECTIVE. COBLENZ, June 20.—The American army's main objective, in case Germany decides on war, will be Cassel, it was learned from a reliable source today. (Cassel is 125 miles northeast of Coblenz and on the direct route to Berlin.) The army would move forward on a 37-mile front and its officers are confident the Americans could cover the entire present neutral zone in the first day if hostilities were resumed. The army of occupation was yesterday with preparations. Troops east of the Rhine were moving to strategic positions for a quick dash forward.

The first and second divisions, it was said, would lead the invasion. The first was mobilized at Montauban (ten miles northeast of Coblenz), while the second had left Schwetzingen (eight miles northwest of Coblenz), and was moving up the Lahr valley.

Changes in Peace Treaty Relate to Silesia and Poland Danzig to Be Free City; Plebiscite, Frontiers Changed

PARIS, Thursday, June 19 (By the Associated Press).—The alterations and amendments incorporated by the council of four in the revised treaty make it a somewhat longer document than the draft originally submitted to the Germans and published in the United States. It now comprises 214 pages, five more than the original, and even this was effected by closer paging. At various points the drafting committee sought to adhere as far as possible to the original numbering of the articles and contrived to make up for insertions or omissions by combining or splitting articles.

As at first arranged, the new instrument still contains the original fourteen parts and 440 articles. The article assuring Silesian coal and minerals to German industry now reads: "Poland undertakes to permit for a period of fifteen years the exportation to Germany of the products of mines in any part of Upper Silesia transferred to Poland, in accordance with the present treaty, without export duties or restrictions, and permit the Germans to purchase these products on the same terms as the Poles."

In the revised draft, "the principal allied and associated powers" undertake to establish Danzig as a free city. This language, in which the responsibility of the five great powers for the creation of the new city and state is definitely assumed, is substituted for the original phraseology from the fortress of Eilbenbreitstein. Signal corps men were striding new wires and observation balloons were moved up to the edge of the occupied area.

REINFORCEMENTS SENT. A hundred additional motor trucks arrived today to help carry infantry. Heavy French reinforcements came up daily and concentrate in the rear of the Americans.

A high American officer predicted today that should the army advance it would be a "whirlwind affair." He said little opposition would be looked for until the allies were well on the road to Cassel.

Poland declares merely that "Danzig is established as a free city." The new article which replaces the original provision for the disarmament of Germany providing for reduction to a specified point within two months now reads in the English version: "Up to the time at which Germany is admitted as a member of the league of nations the German army shall not possess armament greater than that fixed in the table submitted in this treaty," and continues: "Germany agrees that after she has become a member of the league, the armaments fixed by the table shall remain in force until modified by the council of the league. Furthermore, she hereby agrees strictly to observe the decisions of the council in this respect."

Important changes are revealed by a comparison of the old and new drafts relative to the new Polish frontiers and the Silesian plebiscite. The frontier changes correspond generally with those outlined in recent despatches, but bring the Polish frontier nearer to Breslau on the east than was at first contemplated. It gives Poland a new section of the Prussian province of Pomerania in exchange for the coast strip of the same province returned to Germany, although the council of four planned for a while to make all Pomerania German on historical grounds.

Some of the changes in the treaty can be indicated only by reference maps of the larger scale. The provision for a plebiscite in the Silesian regions shows that the vote will be taken in virtually all of Upper Silesia except small areas in the south-western and northern corners which were awarded unconditionally to Czechoslovakia and Poland respectively. The same conditions as regards the retirement of German armies and officials and the disarmament of workmen's soviet, which were included in the Schleswig-Holstein and East Prussian plebiscite provisions are found in that effecting Silesia.

A significant article of the treaty

prohibits political prosecutions by either the Polish or German governments for any activities during the plebiscite in Silesia.

BUSINESS MEN URGING EARLY END OF STRIKE

LOS ANGELES, June 20.—Many believed the strike of telephone operators and linemen in Southern California had reached a turning point today, following word from San Francisco that a conference with the company yesterday had failed to reach any agreement.

Business men were beginning to feel the effects of slow phone service on their business and late yesterday there were indications the service was getting slower.

Efforts on the part of commercial organizations to bring an end of the strike here were looked for. The city council already has passed resolutions urging speedy settlement.

The first arrest of the strike took place last night, when N. H. McClean, Vernon rancher, dropped a nickel in a pay phone and got neither his number nor his nickel back. McClean promptly took his knife and cut the receiver from the telephone, taking it along for security. He was arrested for malicious mischief.

WALKOUT IN SANTA BARBARA.—SANTA BARBARA, June 20.—Telephone operators and electrical workers in the local telephone office walked out this morning. Service is being maintained, though sharply curtailed. Outside of Santa Barbara, the operators in the county remain at their posts.

MAY STRIKE IN SACRAMENTO.—SACRAMENTO, June 20.—Telephone operators employed in the Sacramento office of the Pacific Telephone and Telegraph Company will vote tonight on the proposition of joining tomorrow in the strike of telephone workers, according to E. L. Stevens, president of the Sacramento Union of Electrical Workers. Stevens said today 37 of the operators here had become affiliated with the International Brotherhood of Electrical Workers as a result of the efforts of union leaders to organize the operators here.

Thus far there has been no interruption of telephone service here, due to the strike, which was begun Tuesday in Northern California and Nevada.

Corrected Treaty to Be Published

PARIS, June 20.—The French government will publish the corrected text of the full treaty tomorrow. It was semi-officially announced today.

WASHINGTON, June 20.—Acting Secretary of State Polk has received a message saying that the revised peace treaty will be published today, he announced.

It is understood the treaty will be published in Paris and London. No copies have been received at the state department. Although the message was an unofficial one and specified Friday—today—as the date for publication, Polk has called for confirmation, inasmuch as he has received no parts of the revised text or any amendments to the text already published, he said.

Germans Ready to Sign Peace Pact Scheidemann Cabinet Forced to Quit

(Continued From Page 1)

dorff-Rantzau as head of the German peace delegation, the message adds.

By CARL D. GROVE, United Press Staff Correspondent. WEIMAR, June 19 (10:30 p. m.).—President Ebert has decided to stand or fall with the Scheidemann cabinet, it was learned tonight. At the present ministry is expected to announce its determination to resign before morning, Germany would be without a president until the assembly could choose a successor, providing Ebert carried his decision into effect.

The situation was complicated by the fact that the railway strike had completely isolated Weimar from the rest of Germany. Reports filtering in from the east stated that portions of Germany would "take its own course," regardless of the government's decision.

The above despatch was filed two hours and a half before the announcement of the cabinet's resignation.

THE HAGUE, June 20.—The new German cabinet will be selected tonight, according to a Weimar despatch received here today, quoting "the most reliable authority."

It is understood here that the fall of the Scheidemann government entails the fall also of President Ebert. The national assembly probably will take measures to select a successor to Herr Ebert.

By INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE. BERLIN, June 20.—Reports from Weimar today said it was quite likely that the government will ask the allies for a further extension of time to allow a referendum to be taken throughout Germany on the terms of peace.

These reports were not confirmed.

HOTEL CLERK IS FORCED TO GIVE UP COIN

Holding up the night clerk of the Hotel Oaks, 587 Fifteenth street, early this morning, an armed bandit, unmasked and alone, forced the frightened attendant to give up \$10 in bills in the open strong box. Then, backing to the door, the robber escaped before an alarm could be sent in to the police station. The hold-up occurred in the lobby of the hotel, in plain view from the street, and within two blocks of the Central police station.

Gaylord Cooke, the clerk, was alone at the time, the bellboy on duty having been sent upstairs on an errand. Cooke says that the robber entered the place shortly before 2 o'clock, acting as though he were a belated guest of the hotel. Stepping up to the counter, he suddenly pulled a revolver in the face of the frightened clerk.

"Just keep still and fish out the coin in that box," ordered the bandit. Cooke turned to obey. "And no funny business," the bandit added as the clerk fumbled in the open box of the safe. Cooke produced \$10, which he told the bandit was all the money he had. The robber accepted it and backed toward the door, keeping Cooke covered.

"Now, don't move," ordered the bandit, and, backing through the door, walked hurriedly down Fifteenth street. Cooke telephoned the police and inspectors Tracy and Gannan investigated the case. The man had disappeared by the time the alarm reached the police station. Cooke was not armed.

A full description of the bandit was given to the police. The bandit wore no mask and was well dressed, according to the night clerk. The police believe that he had watched outside until the bellboy had been sent upstairs and that he had probably "sized up" the place for several nights before attempting the robbery.

FOUND DEAD IN BED.—Friends who became apprehensive over his mysterious absence in the past few days, early today found Theodore Lynch, age 60, a laborer, dead in bed at his home, 2933 Midway avenue. He died a natural death.

EAT EVERY 17 YEARS.—But what about the other 16 years? asked pork growers. Valentine Hahn of Tuckerton says his hog refuse corn but thrive on the 17-year focus.

CLAIM AGENTS ASK NEW AUTO LEGISLATION

That any amount of safety campaigning fails to have any effect on the reckless drivers of automobiles and that the only means of reducing the yearly accident toll is to enact more stringent legislation was conceded by the twenty-five members of the Pacific Claim Agents' Association, which convened at Hotel Oaks this morning and afternoon.

The association, which would be most effective was the subject of a two-hour discussion at the morning session.

Of the safety campaigns which have ever been conducted only reach the careful drivers and they do not need to be reached," said J. S. Mills, claim agent for the San Francisco and Los Angeles salesmen, must pay Miss Gertrude Hoffman of Los Angeles for filing her.

With a force of airplanes here it was expected that flying would be undertaken on a more considerable scale today, the first flight yesterday by Major Edgar Tobin having located a small number of men supposed to be Villa adherents.

VILLA NOT VENGEFUL.—EL PASO, June 20.—Villa will make no reprisals upon American property and lives in Mexico because American troops drove his men back from the border Sunday night, a courier from Villa's camp near Villa Ahumada, who arrived here last night, declared.

COSTS MAN \$500 TO CALL GIRL HIS 'LOVER BUG'.—LOS ANGELES, June 20.—Five hundred dollars is the price the jury said A. W. Schultz, San Francisco and Los Angeles salesman, must pay Miss Gertrude Hoffman of Los Angeles for filing her.

ONCE GRAY HAIR NOT ALWAYS SO.—No longer is it necessary for men or women to be held back on account of gray hair. The business world takes less notice of gray hair nowadays, but why worry, when it can be easily restored to its natural color with the wonderful Co-Lo Hair Restorer?

A scientific process discovered by Prof. John H. Austin, of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, healthful manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp. It is not a dye, contains no lead or sulphur, has no odor and is as clear as water—a pleasing and simple remedy to apply. It will not wash or rub off.

Co-Lo Hair Restorer comes in—
—A6—for Black and All Dark Shades of Brown.
—A7—Extra Strong for Jet Black hair only.
—A8—for all Medium Brown Shades.
—A9—for all very Light Brown, Gray and Auburn Shades.
Co-Lo is on sale in All Owl Drug Stores—Advertisement.

BAKER CALLS BIG ARMY FOR MEXICAN LINE

WASHINGTON, June 20.—Recruiting of 26,000 men for special service on the Mexican border was authorized by Secretary of War Baker today. The men will be assigned to units now on border service, it was explained, to permit the release of men whose enlistments were only for the duration of the war. The number of men to be recruited are:

Infantry, 8000 white, 2000 colored; cavalry, 10,000 white, 2000 colored; field artillery, 2000; engineers, 500; medical corps, 1200; ordinance, 150; signal corps, 300; an service, 500, and quartermasters' corps, 1200.

BORDER SITUATION IMPROVES.—EL PASO, Texas, June 20.—With Mexican federal troops moving to a number of places in districts where Americans are at work on mining and other projects in Mexico and with local officials of both sides making a more optimistic view of the situation as a result of announcements from Washington that the Mexican federal government would act to protect Americans from any possible violence, the situation on the border appeared more quiet early today than for some time past.

Five hundred Mexican federal troops started yesterday to protect the American Mormon colonies near Casas Grandes today are well on their way in that direction.

VILLA STRAGGLERS SEEN.—On the American side of the border military dispositions remained much as they were yesterday. Scattered bands of Villa men have been reported from various points along the border, but little importance is attached to their appearance, as it is not thought they are acting according to any pre-arranged plan, but merely are stragglers from Villa's command, dispersed by American troops earlier in the week.

With a force of airplanes here it was expected that flying would be undertaken on a more considerable scale today, the first flight yesterday by Major Edgar Tobin having located a small number of men supposed to be Villa adherents.

VILLA NOT VENGEFUL.—EL PASO, June 20.—Villa will make no reprisals upon American property and lives in Mexico because American troops drove his men back from the border Sunday night, a courier from Villa's camp near Villa Ahumada, who arrived here last night, declared.

COSTS MAN \$500 TO CALL GIRL HIS 'LOVER BUG'.—LOS ANGELES, June 20.—Five hundred dollars is the price the jury said A. W. Schultz, San Francisco and Los Angeles salesman, must pay Miss Gertrude Hoffman of Los Angeles for filing her.

With a force of airplanes here it was expected that flying would be undertaken on a more considerable scale today, the first flight yesterday by Major Edgar Tobin having located a small number of men supposed to be Villa adherents.

ONCE GRAY HAIR NOT ALWAYS SO.—No longer is it necessary for men or women to be held back on account of gray hair. The business world takes less notice of gray hair nowadays, but why worry, when it can be easily restored to its natural color with the wonderful Co-Lo Hair Restorer?

A scientific process discovered by Prof. John H. Austin, of Chicago, for developing the natural color of the hair in a similar manner to that of developing the photographic negative. It is positively the only satisfactory and lasting treatment for restoring color to the hair in a mild, healthful manner.

Co-Lo Hair Restorer is absolutely harmless and will not injure either the hair or scalp. It is not a dye, contains no lead or sulphur, has no odor and is as clear as water—a pleasing and simple remedy to apply. It will not wash or rub off.

Co-Lo Hair Restorer comes in—
—A6—for Black and All Dark Shades of Brown.
—A7—Extra Strong for Jet Black hair only.
—A8—for all Medium Brown Shades.
—A9—for all very Light Brown, Gray and Auburn Shades.
Co-Lo is on sale in All Owl Drug Stores—Advertisement.

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

GERMAN MOB IS CHECKED BY FRENCH GUNS.—BERLIN, June 20.—A plot resulted in Frankfurt when French officer ordered the arrest of a German civilian, a despatch from that city reported today. Thousands of persons gathered and shot were exchanged with the police, who sought to protect the officer. One civilian was killed and several wounded.

The prefect of police finally restored order by informing the crowd that French artillerymen would open fire on the city if French officers were endangered.

EAT EVERY 17 YEARS.—But what about the other 16 years? asked pork growers. Valentine Hahn of Tuckerton says his hog refuse corn but thrive on the 17-year focus.

AFFINITY IS CHECK.—CHICAGO—The heart of Morris Yabum, druggist, yearned today for the girl with the "baby face." But "was not romance. As a memento she left a bad check for \$30.

SPIRITS ARE WET.—FORT WAYNE, Ind.—There were "wet" goods a-plenty at the convention picnic here yesterday. Spring suits and spirits were drenched by a heavy rain.

FATHER FAILS TO ANNUL HIS SON'S WEDDING

SAN JOSE, June 20.—The petition of Samuel Heston of Evansville, Ind., for the annulment of the marriage of his nineteen-year-old son, Edmund Heston, and twenty-year-old Edna Julia Ransome Heston was dismissed in an opinion handed down by Superior Judge P. F. Gosbey. Young Heston was a student at Stanford University.

The opinion of Judge Gosbey declares that the youthful couple were within the law when they married in San Francisco, March 12, and that unless they were under the ages of 18 and 15 they had the right to marry without the consent of their parents.

Young Heston and Edna Ransome were schoolmates back in Evansville, Ind. Samuel Heston, father of the boy, decreed that his son should come west to Palo Alto, go to high school and then take a four-year course at Stanford.

The couple stood the reputation until a few months ago, and then Edmund Heston kept the mail and the telegraph wires busy with pleas to his fiancée to come and join him in California.

The two were married March 12, in San Francisco by a superior judge. Heston claimed at the time that he was 21 years old. Heston still lived at his boarding house on the campus at Stanford and his young bride lived in Palo Alto. On the week-ends the two lived together in Palo Alto.

Finally the father of the boy heard of the marriage. His wrath brought him west and resulted in the filing of the suit for annulment.

But Judge Gosbey declared that the couple impressed him favorably, appearing refined, educated and cultured, and also showing that they really loved each other and wanted to live together.

New Policy in Selling War Stamps Forced Drives Are Opposed by U. S.

New policies must be formulated and new problems attacked in the coming 1919 war savings stamp drive, Frederick Whitton, director of the Northern California War Savings Sales, told a group of fifty members of the local war savings stamp committee at a meeting held yesterday afternoon in the city council chambers in the city hall.

"This year we are not met by a public enemy to lend his money, fired for the time with a burning desire to support our government during the war," declared Whitton. "On the other hand, we must start in and slowly and by every possible means urge them to continue in the habits of thrift which were born of wartime patriotism."

"I do not think that a 'drive' with street solicitors could be as successful this year as last, and, furthermore, it is against the policy of the Treasury Department this year. It says we must make no forced sales. We must show our customers the true value of saving in such a way that they will reciprocate and buy the stamps without the direct plea which was found so necessary under the stress of war emergency," he continued.

WOMEN'S CAMPAIGN

Mrs. E. D. Knight, chairman of the women's activities of the 1918 war savings committee, and who is to handle this same work during the coming drive, spoke of the nature of the women's campaign work and her plans of organization. President H. C. Capwell of the Chamber of Commerce acted as chairman of the meeting. Brief talks were also made by George F. Sheldon, county director of the War Savings drives, and Mrs. Sue Fratis, chairman of the war savings work in the schools.

The part that the postoffice played in the 1918 war savings drives, and especially in the persistent selling throughout the year, was told by Postmaster Joseph J. Rosborough, who presented the committee with the record of Oakland's record sales carrier, Dan Hallahan, now a U. S. mail carrier.

SCHUMANN-HEINK ARRIVES TO SING

Mme. Ernestine Schumann-Heink, who will sing the contralto role of the angel in the production of Mendelssohn's "Elijah" at the Greek Theater in Berkeley tomorrow afternoon, arrived in Berkeley yesterday.

The diva is also to give a program of songs in a concert first part of tomorrow's program.

With Mme. Schumann-Heink came Frank La Forge, the pianist, who will play her accompaniments. Cecil Fanning, who has just completed a new American tour, is to sing the title role, Elijah, which David Blapham and other baritones have made famous. Marie Partridge Price, soprano, and Lawrence Strauss, tenor, are to complete the quartet.

The production is under the auspices of the music and dramatic committee of the University of California and the direction of Paul Steindorff, choragus of the university. Besides a chorus of 300 voices and an orchestra, Steindorff has announced the following local singers to participate: Ethel Lee, Mrs. Cyrus Anderson, Lena Frates, Minnie Carter, Elfrida Steindorff, Eva Gruninger Anderson, Mrs. Jo S. Mills, Mrs. J. Rollin Fitch, Mrs. Irma Randolph, Hugh J. Williams, Otto Roehling, Lowell Moore Redfield and David McCloskey.

Owing to the length of "Elijah" it has been found necessary to make some excisions, but not of the important portions. Mme. Schumann-Heink's part has been left intact. This will be the first occasion on which the noted contralto has sung a complete part in an oratorio in this country, though her repertoire includes a number of oratorio arias. Mme. Schumann-Heink comes here from Southern California, where she went to rest at the conclusion of a tour season of concerts through the North, Middle West and East.

EASTBAY MEN OF 32D ENGINEERS DUE MONDAY

A detachment of 36 members of the 32d engineers, a California contingent, will arrive here next Monday on the last lap of their journey to demobilization. Word was received today from Newport News saying that the men left there early Tuesday morning.

The men have their own Pullman, with banners flying on both sides of the car. Eastbay men who are returning with this group are:

Ordinance Sergeant Ward Dunn, Wagoner Will M. Morrow, Corporal John Olson, Private Clifford Taylor, Private George B. Vestal, Saddler Joseph Walters, Wagoner George G. Watson, 2740 Hopkins street, all of Oakland; Sergeant Otto A. Edelmaier, 2415 Grand street, Berkeley, and Private First Class Joseph J. Gobel of Port Costa.

Regular Tribune Subscribers Not Affected By Increased Price of Sunday Newspapers

Although all Sunday newspapers in the Eastbay district are now sold on the street and news stands at 10 cents a copy, there will be no increase in the present subscription price of 65 cents a month to regular TRIBUNE subscribers.

This price will include, as it always has, the big 70-page Sunday morning TRIBUNE delivered by carrier.

A little mental figuring is all that is necessary to realize the big saving that TRIBUNE subscribers secure through having the OAKLAND TRIBUNE delivered by carrier on the monthly basis. The OAKLAND TRIBUNE is absolutely the biggest value of any newspaper at any price in the United States. It is the ideal combination for the newspaper reader, a six-day evening paper and the big Sunday morning edition, served by the best and most complete telegraphic news service of any newspaper circulated in the Eastbay community.

The reputation of the OAKLAND TRIBUNE as a newspaper of integrity is too well known to be questioned. Its jealously guarded service of accurate news distribution is conceded. Its clean and interesting presentation of exclusive and special features each week in the magnificent Sunday morning edition of the TRIBUNE is apparent to all.

And, now, figure up what it costs to read a six-day evening newspaper and buy a Sunday newspaper each week in addition. You can save money—get a newspaper surpassed by none—and have it delivered every day to your home—only 65 cents a month.

Every evening—Sunday morning—It's The OAKLAND TRIBUNE.

SERBIA FILLED WITH REFUGEES

BELGRADE, Serbia, May 10 (by mail).—The great migration of refugees and soldiers through Serbia continues. And all of them aid in spreading typhus. Returning Czechoslovak, Serbian Greek, Montenegrin, Albanian, Bosnian and Rumanian prisoners from the central empires pass through Belgrade.

From the south pass Bulgarian prisoners returning to their homes. Turks migrating back to Macedonia and Turkey in Asia. Serb civilians from the formerly occupied northern region of Serbia, Czechoslovak soldiers going north with the army of occupation, refugees, prisoners and soldiers of all the nations mingle on the one big north-south highway of Serbia.

Victrola Records voice the mighty power of the world's greatest artists

To speak the language of music in the sweetest tones that spring from human lips, or are charmed from an instrument by the skill of a master's hands—that is the province of Victrola Records.

They are true tone-portraits inscribed with the priceless art of the most famous singers and instrumentalists this generation has produced. The genius, the power, the beauty of every voice and every instrument—all are inherent in Victrola Records. They present a stupendous musical review displaying the diverse gifts possessed by the greatest artists of all the world. A privilege conferred upon them in recognition of their absolutely lifelike reproduction.

There are Victor dealers everywhere and they will gladly play any music you wish to hear.

Victors and Victrolas \$12 to \$950.

Important Notice. Victor Records and Victor Machines are scientifically coordinated and synchronized in the processes of manufacture, and their use, one with the other, is absolutely essential to a perfect reproduction.

New Victor Records demonstrated at all dealers on the 1st of each month.

"Victrola" is the Registered Trademark of the Victor Talking Machine Company designating the products of this Company only.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion. Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance. Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

To Remove First Signs of Old Age

"The infallible first sign of age is the sagging, cheek muscles," says Mme. Cavallini, whose fame as a beauty culturist is scarcely less than that of a songstress. "These are more difficult and serious to treat than wrinkles," she continues. "The sagging muscles indicate they have grown too weak to remain in place; they must be assisted, strengthened."

The best way to strengthen them is by bathing the face in a lotion made by dissolving an ounce of powdered Saville in a pint of witch hazel. This creates a freer circulation to the parts, besides causing muscles and skin to contract. Saville, procurable at every drug store, has long been known by complexion specialists to possess remarkable tonic and astringent properties, valuable in treating flabby tissue and wrinkles.—Advertisement.

ANTI-TOBACCO DRIVE GIVEN RAP BY COURT

PITTSBURGH, June 20.—Plans for a nation-wide anti-tobacco campaign intended to follow the actual promulgation of prohibition were given a setback here when Judge James McF. Carpenter handed down an opinion in common pleas court refusing to grant a charter to the No-Tobacco Corporation. The petition was signed by prominent church people and ministers of this and other cities of the country.

WILSON DEFENDS HIS DEPARTMENT

WASHINGTON, June 20.—A systematic campaign of misrepresentation has been carried on against the United States employment service of the department of labor. Secretary of Labor Wilson told a joint session of the House and Senate labor committees.

Wilson appeared in support of the Kenyon bill for expanding and making permanent the employment service. The secretary said the charge had been made that the department and the employment service were being conducted solely in behalf of union labor. This, he said, was disproved by the fact that hundreds of thousands of non-union workers were obtained for shipyard workers during the war.

Graduated Scale for Pinole Light Rates

SAN FRANCISCO, June 20.—Users of electricity in the towns of Pinole and Redwood and intermediate territory will pay meter rates for their light and power in the future. The Railroad Commission granted the application of the Pinole Light and Power Company for a meter schedule. The new schedule does not disturb the company's present minimum charge of \$1.25 a month a meter, but substitutes for the company's charge of 12 cents a kilowatt hour for all classes of lighting service a graduated scale.

Japan Shop Company Pays U. S. Big Tax

SEATTLE, Wash., June 20.—The internal revenue collector at this port has received a check for \$2,941,000 from the Nippon Yusen Kaisha, Japanese steamship company, for its excess profits tax for 1918. This is said to be one of the largest excess profit tax levied on any foreign company doing business in the United States.

Our Children's Barber Shop

The Pioneer in Oakland and Second to None in America

A beautiful, thoroughly modernized shop with tall chairs and big mirrors all around, and all the things necessary to cut correctly, and in latest fashion, the soft, glossy hair or curly locks of the youngsters.

Under the Same Management of an Expert Barber who has been with us for years, and is well known and liked by our little friends. With mother sitting near, and toys and pictures to look at, the little tots are not likely to cry here.

Every instrument, brush and comb is freshly sterilized, and the linen is fresh, clean and snowy white.

Bring the kiddies in for hair cuts tomorrow before going on their vacations.—Second Floor.

New Crepe Kimonos

Recent Arrivals that Women will want for vacation and summer wear

LONG CREPE KIMONOS—Attractively fashioned from good cotton crepe in plain colors and floral designs. Light and dark shades, many trimmed with satin. Others have elastic waists, making excellent morning dresses. Also the new breakfast coats in belted models. Priced from \$2.75 to \$5.95.

JAPANESE LONG KIMONOS—Pretty models in rose, pink and blue. Ideal to take on your vacation—\$2.95 and \$3.95.

SHORT CREPE SACSQUES in pleasing floral designs and pretty trimmed. So comfortable on Summer mornings—\$1.75 and \$1.95.

Dotted Swiss Sacsques \$1.95

Dainty garments for breakfast and house wear. Of dotted swiss with large collars and lace trimmed. —Second Floor.

Silk Lingerie of Newest Charm

Exquisitely dainty garments of satin and crepe de chine in the preferred flesh color, beautifully trimmed with lace, insertions, hand embroidery and ribbons. In newest designs with latest touches of trimming.

Silk is ideal for vacation wear, because it can be laundered so easily—washed out at night in one's room and be dry by morning. It isn't expensive, either, because it saves on laundry bills in addition to its long period of service.

The appeal of its beauty and its luxurious "feel" are quite irresistible.

SILK NIGHT GOWNS—\$5.95, \$8.50 and up.
SILK CAMISOLES—\$1.25 to \$4.95.
SILK BLOOMERS—\$3.50 and \$3.95.
SILK ENVELOPE CHEMISES—\$3.95, \$4.95 and up.
SILK PETTICOATS of jersey or taffeta—\$5.00, \$5.95 and up.
WASH SILK PETTICOATS—\$3.95.

Many New Aprons come hurrying in to answer Summer demands. Well made of good percales in light and dark shades and attractively trimmed. Dozens of different styles.

Band Aprons—65c to \$1.25.
All-over Aprons—\$1.25 to \$2.95.

CHURCHES NAME WILLIAMSON DAY

Sunday will be "Williamson Day" in Presbyterian churches throughout the country, some portion of the services at each being devoted to a remembrance of the family which has been prominent in civic, private, military and religious history of this country and, for a century before the country was born. Particularly will Rev. William Williamson, born in Scotland, June 22, 1698, be remembered.

It was his son, Samuel, a native of Holland, where his father had gone to escape religious persecution, who founded the Williamson family in this country. His son, William Williamson, the first member of the family born in this country, was born April 6, 1759, in New Jersey. He was the great grandfather of the Williamsons of the present generation. The birthday of Rev. William Williamson was June 22, whence the selection of the coming Sunday for the celebration.

Cary W. Hartman of this city is historian of the family. He has arranged with Rev. Frank W. Sibley for a Williamson feature in the First Presbyterian church service here.

GEN. CROWDER'S MOTHER ILL
CAMBRIDGE, Mass., June 20.—Major General Enoch H. Crowder, who was awarded an honorary degree of doctor of laws at Harvard yesterday, received word while here of the serious illness of his mother at Colorado Springs. He left immediately for Colorado. Mrs. Crowder is 88 years of age.

Men Needed for Merchant Marine Hurley Issues an Appeal for Crews

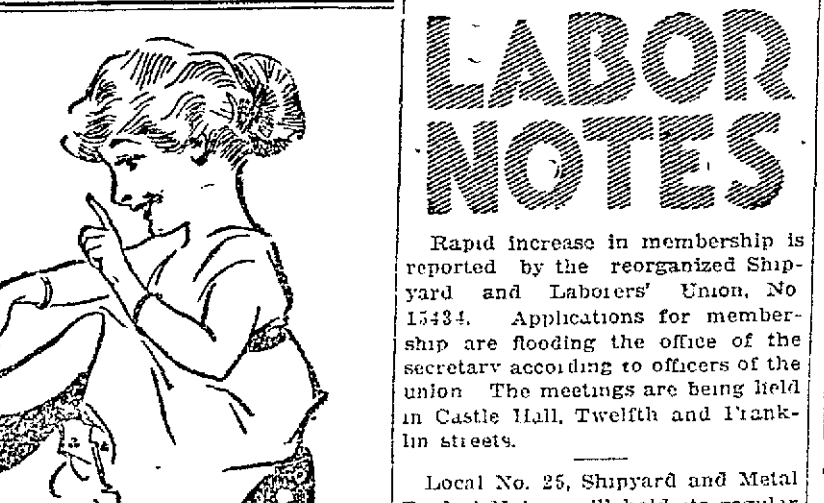

Declaring the need for men for American ships is pressing, Edward N. Hurley, chairman of the United States Shipping Board, urges all assistance in the building up of the American merchant marine.

Hurley characterizes the task of building up and maintaining the personnel of the American merchant marine as one of the most pressing problems of the hour in the nation's economic readjustment to peace conditions. He declares the backbone of a merchant marine are the men who are in it.

His appeal to California follows: "We must have the best obtainable crews for our new merchant ships. The need is pressing. American vessels in American ports today are calling for American crews—for mates, engineers, seamen, firemen, cooks and stewards who are American citizens.

VITAL TO PROSPERITY.
"It is vital to the nation's prosperity that we have efficient American crews on the ships of the new American merchant marine. Every American farmer, business man and manufacturer is directly interested in a business way, in seeing that this is done. It is his duty to help us secure efficient management at sea of the great fleet on which so much of the nation's money has been spent.

"It is the patriotic duty of every citizen not to forget the needs of the merchant marine, our third arm of service in peace and war. We have the ships. It depends on the people whether we shall have the men to run them as they should be run.

Lift Corns Off! Doesn't Hurt!

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic!

For a few cents you can get a small bottle of the magic freezone discovered by a Cincinnati chemist.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn and instantly that old bothersome corn stops hurting, then, shortly you can lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. Ladies! Keep freezone handy on your dresser. Wonderful!

Swedish Societies to Meet at Fiesta

The annual midsummer fiesta of the Swedish-American Patriotic League of California, including twenty Swedish societies, will be held Saturday, in Shellmound Park. Delegations from all parts of California will attend the fête, which will be carried out after the manner of the great midsummer fiestas held each year in the north countries.

Miss Elvira Gustafson of San Francisco will be the midsummer queen and representatives at her court will include America, typified by Miss Myrtle Nelson of San Francisco, and Sweden, represented by Miss Edna Gustafson of Oakland.

The Swedish Singing Society of San Francisco and the great Male Chorus of Oakland will combine in a grand program of national hymns and anthems and Swedish and American dances will be presented by the National Dancing Club.

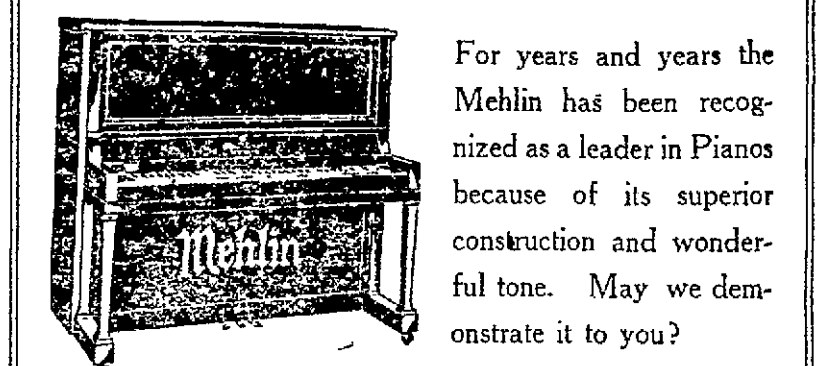

Dr. Charles J. Lander of San Francisco, N. G. Lindgren of Oakland and Sven Svenson will be the principal speakers at the exercises.

Emeryville School Graduates Class

Graduating exercises of the eighth grade of the Emeryville grammar school were held this week and attracted a large audience. Special exercises had been arranged, the children being trained by Miss Petersen. The program was received with continued applause.

The Mehlin Piano

Has Stood the Test of Time

CUTICURA HEALS ITCHING PIMPLES

All Over Forehead. Scaled Over. Very Red and Itched Terribly.

"I had pimples all over my forehead until I was ashamed to comb my hair straight back. The pimples scaled over and were very red and they itched so terribly at night that I could hardly sleep. They caused disfigurement.

"Then I used Cuticura Soap and Ointment and it only took one cake of Soap and one box of Ointment to heal my trouble." (Signed) Miss Nannie Robinson, Route A, Box 239, Reedley, Cal.

Most skin troubles may be prevented by using Cuticura Soap and Ointment for daily toilet purposes.

Do not fail to test the fascinating fragrance of Cuticura Talcum, an exquisitely scented face and skin perfuming powder, 25 cents everywhere.

LABOR NOTES

Rapid increase in membership is reported by the reorganized Shipyard and Laborers' Union, No. 15434. Applications for membership are flooding the office of the secretary according to officers of the union. The meetings are being held in Castle Hall, Twelfth and Franklin streets.

Local No. 25, Shipyard and Metal Trades' Union, will hold its regular meeting at the Central Labor Temple 510 Eleventh street tonight, and the secretary urges all members to attend.

Boilermakers' Union, No. 233, concurred at its meeting Wednesday night in the resolution expressing belief in the innocence of John G. Weiler, a member, who is held in jail on the charge of being the author of a circular attacking leaders of the union. The resolution was sent to District Attorney Ezra DeLoach and to Chief of Police J. F. Lynch.

Moral support at present and financial support later, if it becomes necessary, has been pledged the telephone operators and linemen now on strike by Boilermakers' Union, No. 231.

One hundred dollars has been donated by the boilermakers to aid the striking metal trades' unionmen now on strike in Los Angeles.

New officers have just been elected by the Shipyard and Metal Trades' Union, which includes workers of that trade in all of the bay cities. The meeting was held in San Francisco. Those elected were: Frank Carlson, president; Frank Wutke, vice-president; W. R. Hanson, recording secretary; M. A. Skerka, financial secretary, treasurer and business agent. The following were elected trustees: H. Miller, A. Anderson and John Serenagtinger. The meeting was largely attended. A banquet was one of the features of the gathering. A special meeting of the union will be held at Longshoremen's Hall in San Francisco next Tuesday night and the officers urge all members to attend, as several matters of importance are to be considered.

PROSPERITY SEEN IN MIDDLE WEST

All lines of business and industry in the Central West are enjoying prosperity, according to George S. Meredith, cashier of the Farmers and Merchants Bank and president of the California Bankers' Association, who has just returned from Indianapolis, where he was a delegate from Indiana to the annual session of the National Council of the American Bankers' Association.

Concerning his observation in Indianapolis (Chicago and other cities, Meredith said):

"I talked with many leading business men and bankers, all expressed complete confidence in the ability of this country to recover from the effects of the war, and were agreed that the outlook for unusual prosperity in the immediate future was never more encouraging."

"Apparently all lines of industry are on a firm basis, and in the majority of cases manufacturing establishments are operating to capacity. More is plentiful and the people of

PRIESTS STRIKE BECAUSE OF OLD GENERAL H. C. L.

ROME, June 20 (By the Associated Press)—A strike of priests, which is without precedent, has just occurred at Loreto, a celebrated resort of pilgrims. The priests asked for an amelioration of their financial condition, owing to the high cost of living, and when their claims were not granted, they stopped celebrating masses and performing other religious duties.

The section visited all seem to be enjoying a full measure of prosperity.

"Farmers and orchardists are looking forward to big crops and high prices. One problem with which growers may be confronted is securing sufficient labor at harvest time."

"Optimism seems to permeate every walk of life and the spirit of good cheer is reflected on every hand. The signing of the peace treaty, which will remove the war cloud from the world, is looked forward to with keenest interest by bankers and business men, who realize what a stimulating effect it will have in restoring business to a normal status."

Would Pay to Lose Wife, Is Charge

SAN FRANCISCO NEWS

Cook's Salary Is Cause of Divorce

SAN FRANCISCO, June 20.—Mrs. James Wittichell met her two children, one aged four years and the other eighteen months, in this city this morning after parting from them a year ago when she and her husband were separated in a little town in China. The children arrived here Wednesday on the liner Colombia from Hong Kong and were detained at Angel Island with their governess, Miss Jeanne Dansan. Mrs. Wittichell heard of their whereabouts for the first time in a year when the story of their arrival was published yesterday.

Mrs. Wittichell's husband came from the East to meet his children and did not arrive here until six hours after the vessel had landed. While attempting to see her children, Mrs. Wittichell met her husband and, she says, attempted to effect a reconciliation. She said that her husband would hardly speak to her.

The Wittichells have two other children, boys 8 and 6 years old, in England. Wittichell is a marine engineer.

**WAS READY TO PAY FINE
BUT GOES TO JAIL INSTEAD**

Federal Judge F. H. Rudkin yesterday gave a sentence of six months to Paul Franklin, recently convicted narcotic trafficker.

The jail sentence came as a surprise to Franklin, who stood in court ready to pay a fine of from \$1000 to \$2000. Before sentence was passed Assistant United States Attorney Tramutolo said:

"A heavy fine means nothing to a cocaine dealer. On the day of

Franklin's arrest he telephoned to a firm of cash bail brokers and was informed that they would back him as high as \$10,000."

**WILLING TO PAY MAN
TO TAKE HIS WIFE**

Love at first sight came to George Ahlers, married man, and builder, when he saw the "most beautiful woman in the world," and the "most beautiful woman

simultaneously succumbed to his charms while both were riding on a train. So Ahlers planned to pay

any man a salary of \$100 a month who would relieve him of his wife. At least those are the allegations in Mrs. Mary C. Ahlers' suit for divorce on file here today.

This happened on December 28 last, according to the complaint. Mrs. Ahlers asked a divorce and that alimony be fixed by the court. The "most beautiful woman's" name is not given.

COOK'S SALARY RAISED; DIVORCE ACTION STARTED

Lillie S. Holbrook, 2989 Pacific avenue, daughter of John D. Spreckels, was granted a final decree of divorce by Judge Morgan yesterday from Henry M. Holbrook, wholesale hardware dealer. She was granted her interlocutory decree on testimony that her husband complained about the household expenses when she raised the cook's salary.

FORMER POLICEMAN IS SOUGHT FOR BAD CHECK

A warrant for the arrest of Allen Noreen, former policeman, on a charge of passing a worthless check on Louis W. Schmidt, was issued yesterday by Superior Judge Griffin. Noreen was suspended from the police department and later resigned when the police found that he had made several visits to the house on Highland avenue, San Mateo, in which Dr. Ephraim Northcutt is accused of having performed illegal operations, specifically one which resulted in the death of Miss Rose, the daughter of an army nurse. Noreen was said to be engaged to Mrs. Frances Cronin, Dr. Northcutt's nurse. Police say that Noreen is in Los Angeles.

ATTORNEY ACQUITTED OF EMBEZZLEMENT CHARGE

After being out five hours, a jury in Judge Griffin's court last night acquitted C. Vincent Ricciardi, attorney, of charges of embezzlement which were brought against him by Frank and Charles Ferranti of the California Sealing company. They accused him of embezzling \$3000. Ricciardi claimed that the Ferranti brothers gave him the money in payment for professional services.

FRENCH CROSS DE GUERRE FOR TRANSBAY MARINES

In an impressive military ceremony on the roof of the United States Marine Corps building on Annie street, two more names were added to the list of San Francisco marines wearing the French Croix de Guerre.

The two are Corporal J. F. Frie, 2313 Rush street, and Private Cedric Brash, 2206 Sutter street. Presentations were made by Brigadier General C. Henry Leachmeier of the Marine Corps, who came to San Francisco for the occasion. Addresses were made by Major E. W. Lowndes and Captain J. J. Darlington of the Marine Corps.

Frie won his medal for capturing eleven Germans and two machine guns single handed and Brash was cited for his service as a messenger under heavy enemy fire in the St. Mihiel sector.

CHANGE NAME THAT IS TOO LONG FOR BUSINESS

Harry A. and Euripedes A. Francorlance, restaurant keepers, were granted permission to change their name to Franco by Judge Deasy on their testimony that they were losing business at their cafe because their name was too "hard" to say.

300 Couples Enjoy Sequoia Lodge Dance

More than 300 couples attended the annual dance of the Sequoia lodge No. 349, F. & A. M., last evening in the ivory ballroom of the Hotel Oakland, and voted it one of the most enjoyable events ever arranged by Sequoia lodge.

Special numbers were presented during the evening and met with hearty applause.

Miss Mildred James and Walter J. Webber introduced two new New York dance sensations, "The Liberty Waltz" and the "Camouflage Fox Trot."

Missing 'Y' Teacher Has Not Been Found

VALLEJO, June 20.—As over two weeks have passed and the police have been unable to find any trace of Professor Jean Treboul, French teacher attached to the Naval "Y" at Mare Island, it is feared that he has suffered a nervous breakdown and has wandered off into the country. He may have gone as far as he is known to have had considerable money when he left his brother's home in San Vallejo.

BARBERS TO BAR

ALL SUNDAY WORK

There'll be no Sunday shaves for the unshaved after next month—for the Barbers' Union has decreed a full Sunday-closing rule, to go into effect July 20.

Barber shops now stay open Sunday mornings. Beginning July 20, Local No. 134 has voted, no barber shall work Sunday. The night work Saturday night will continue.

"Working Sunday morning breaks up a man's day," said Secretary Frank Perry. "He can't go anywhere with his family on his day off if he has to work until noon; so we have decided to put a stop to the half-day system. It's no business to

DRINKS POISON AS DETECTIVES KNOCK AT DOOR

While detectives were knocking at her door last night to arrest her, Mabel Green, 736 Ninth street, swallowed poison, preferring death to prison. She is at the Emergency Hospital in a serious condition, but is expected to live.

Detectives Tom Gallagher and Tom Woods had gone for the woman on complaint of Harry Paul, who said that she had stolen property from him. As the detectives knocked at her door she drank bichloride of mercury. The policemen hurried her to the hospital. Paul has withdrawn his complaint, following the suicide attempt.

Go back to work Sunday morning after working late Saturday night, half-day system. It's no business to

10 Troopships Sail With 20,700 Aboard

WASHINGTON, June 20.—Ten troopships, bringing home 20,700 officers and men of the American expeditionary force, sailed from French ports on June 17, the war department announced. They are:

The Zeppelin, with 4238, from Brest, due at New York June 24; the Mobil, with 2027, from Brest, and the Pastore, with 2690, from St. Nazaire, due at New York June 27; the Julia Luckenbach, with 6063, from St. Nazaire, due at New York June 28; the Kronland, with 3702, from St. Nazaire, due at New York June 27; the Cape May, with 1939, from Bordeaux, for Newport News; the Osego, with 1020, from Bordeaux for Newport News; the Wampum, with 24, from Bordeaux for Newport News; the destroyers Aphrodite, with 13 casualties, and Seneca, with 17 casualties, from Brest for New York.

CANADIAN TROOPS ARRIVE
VICTORIA, B. C., June 20.—With 747 Canadian Siberian troops on board, the steamer Montezuma arrived here from the Orient and Vladivostok. Eight Russian stowaways were discovered on the vessel. The soldiers landed at Victoria included F. A. Franklin, Alturas, Calif.

Congress Warned of Invasion of Dyes

WASHINGTON, June 20.—German dye interests, having from France and England, look to America and China for disposal of their large surplus manufactured during the war, Joseph H. Choate Jr., counsel for the Chemical Foundation, Inc., told the House Ways and Means Committee today in urging a licensing system for the protection of the American dye industry.

Choate said that anti-dumping laws would not suffice, because it was so easy for the Germans to conceal their shipments so that it would be practically impossible to detect all of them.

Pacific Coast Conference Now At Asilomar

Vacation time does not mark the cessation of activities in Young Women's Christian Association circles, but only brings to mind the series of picnics, swimming parties and athletic doings which bring pleasure to its hundreds of members.

The annual picnic of the clubs of the Y. W. C. A. federation will be held next Monday evening in the Piedmont hills. The clubs participating will be Encina, Orando, Aguilera, Crescendo, Amillo, "C. Girls" and Harmony. There will be a campfire, singing, games and the jolliest of picnic suppers.

The usual dancing party will be held this evening at the Y. W. C. A., and 225 guests are expected. The registrations for the June parties are now closed, and during the month of July they will be discontinued to begin with fresh enthusiasm in August under the direction of the new recreation secretary, Miss Margaret Pierson.

Afternoon Tea In Honor of Mrs. Mark Requa

The home of Mrs. Oscar Sutor in Piedmont will be the rendezvous tomorrow afternoon for a large gathering of San Francisco and Eastbay society, when Mrs. Sutor will entertain for Mrs. Mark Lawrence Requa.

Since her return from Washington, D. C., Mrs. Requa has been the motif for numerous interesting affairs planned by her friends, and Oakland friends, to welcome her again into Eastbay circles. Wednesday afternoon there was a smart luncheon for sixty guests, at which Mrs. Anna Miller was hostess, at the Claremont Country Club. Upon that day Miss Alice and Miss Amy Requa shared honors with their mother.

MRS. SAMUEL S. PORTER of San Diego, who spent many interesting days in the bay section while on a trip north.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles with the soft, curved lines of a healthy and beautiful figure, there are thousands of women who are often due to starved bodies need more phosphate.

GEORGIA HAMILTON.

phosphate is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by The Oval Drug Company in Oakland and most all drug stores under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increased weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes glow to brightness, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh. Advertisement.

POSILAM BRINGS QUICK COMFORT TO ANGRY SKIN

When angry itching skin cries through every nerve of your body for relief, turn to Posilam. It is the health and ally of all inflammation. Learn how efficient Posilam is what splendid help it can render in healing eczema, disfigurement, itching, eruptions, acne, scalp-ache and like disorders. The test is to apply Posilam at night to a small itched surface and in the morning to look for improvement. The effect of its concentrated healing energy shows agreeably soon.

Miss Helen Dormody of Placerville and Carleton Clark Crystal of Vacaville were married Saturday at the home of Mr. and Mrs. J. Darmody, parents of the bride, in Placerville.

Mrs. Crystal is a graduate of the University of California, and for the past year has been a member of the faculty of the Vacaville high school.

BURLESON FLEW BY CONGRESSMAN

WASHINGTON, June 20.—Representative Gallivan, Democrat, of Massachusetts, in an attack on the administration of Postmaster-General Burleson, declared it would be a great relief to the people of the United States if President Wilson "would hurry home and clean house in his official family."

"If he will do this," Gallivan added, "it will do more than anything else to check the spread of radicalism and anarchy and make unnecessary a special appropriation of half a million dollars urged by the attorney-general to prevent crime by anarchists."

UNREST ALLEGED

The spirit of unrest among the toilers of the country, Gallivan said, was breaking forth in the most violent form of anarchy in many places. The men most directly responsible, he charged, were "the misguided officials in the city of Washington, clothed with war authority which had turned their backs on the people."

"While the President has been in Europe," he said, "some of these officials seem to have gone mad in their lust for power and have blindly blundered in the administration of their departments in such a manner as to aggravate the spirit of unrest."

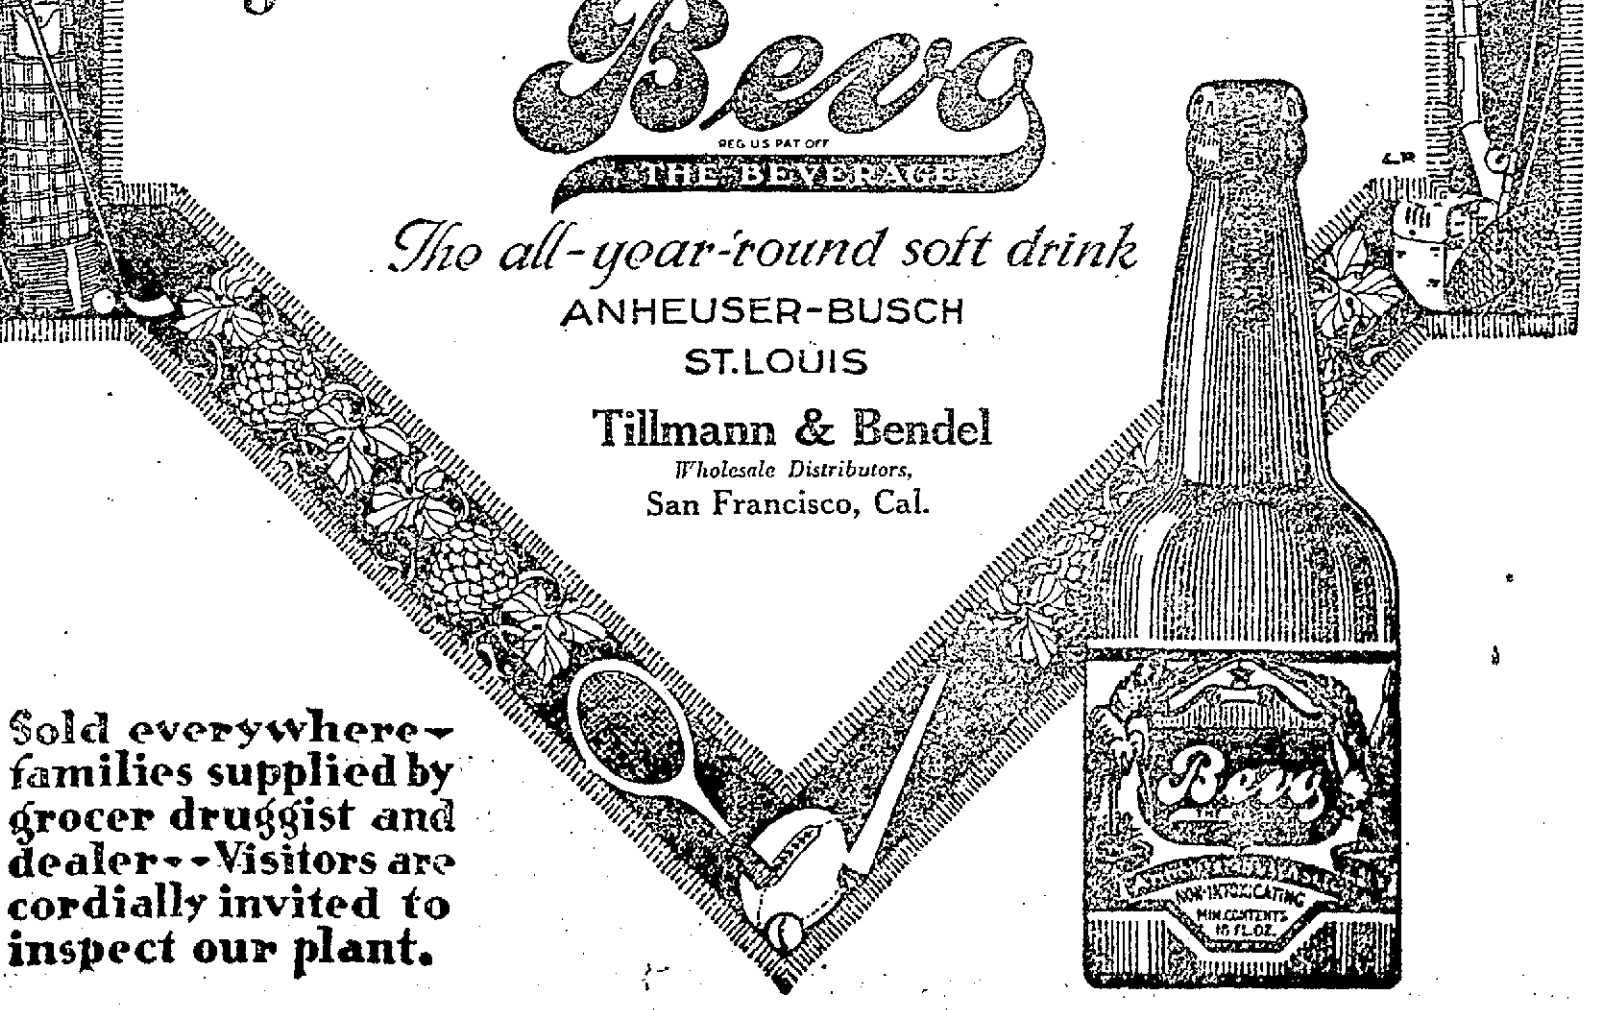

Gallivan characterized the postmaster-general as "one of the greatest blunders of the administration and one of the worst autocrats the country ever had in official life," and added:

"It is the unanimous sentiment of the people of the entire country that Postmaster-General Burleson is the biggest and most complete failure as a public official that the country has ever produced."

Gallivan asserted that Burleson forced a strike among telegraph operators and then "got from under" by turning the operation back to private hands and "destroyed all hope of government ownership of public utilities."

"Stench Bomb" Cause of Northcliffe Illness

CHICAGO, June 20.—Lord Northcliffe, the London publisher, blames an insect

dent at a Chicago banquet, two years ago, for the throat affection which caused him to undergo an operation recently.

James Keely, former Chicago publisher, said today that Viscount Northcliffe recalled a month ago, that a "stench bomb" had been placed in the banquet hall, and noxious fumes emitted, irritating his throat.

The "bomb" presumably was placed in the hall by a pro-German, Keely said.

LOST 45 POUNDS DURING TROUBLE

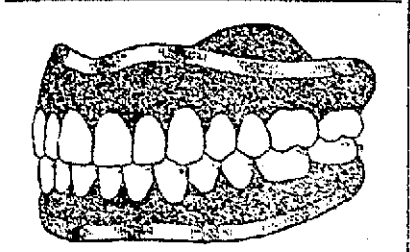

Dreyer Says He Will Praise Tanlac as Long as He Lives for Restoring His Health.

"I don't know what people will think when I tell them that I have gained forty-five pounds since I commenced taking Tanlac, but it is the truth, and I am ready to prove it to anybody who doubts this statement," said F. W. Dreyer, a well-known stationery engraver who lives at 2123 K Street, Sacramento, while talking to a Tanlac representative the other day.

Dreyer, who has been in the stationery business for many years, had been in poor health for some time. He had been losing weight and feeling generally unwell. He had been taking various medicines, but nothing seemed to help. He had been feeling so bad that he had been unable to work for some time.

"One day I was lying in the bed reading the papers and I came across a statement about Tanlac, and it was so positive and convincing that I sent right out and got a bottle and commenced taking it. Well, sir, the very first bottle of Tanlac put me out of bed, and I was able to walk around the house pretty well. I just stuck right to Tanlac and soon I had a good appetite and I noticed that my food was digesting better and I could see that I was getting back my lost weight. To make a long story short, Tanlac finally overcame every one of my troubles and I am as well and strong now as I ever was in my life. I never had such an appetite and I honestly believe I could eat six hearty meals every day. My food agrees with me, too, and I never have indigestion or sour stomach any more. The pains have left my back, and my kidneys seem to be in perfect condition. I am also completely relieved of constipation and I don't have those awful headaches like I did. In fact, Tanlac has simply made a sound, well man of me in every way, and as long as I live I pass the good word along to others who may be suffering as I did."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company stores.—Advertisement.

Y. M. I. COUNCIL NAMES OFFICERS

With a large representation of the membership present the semi-annual election of officers of Oakland Council No. 6 and delegates to the 35th Grand Council of the Y. M. I. was held last night. Two tickets were in the field and a number of the officers were hotly contested. Following is the result:

Honorable chairman, Rev. Robert Simpson; chaplain, Rev. A. J. Hayes; past president, Walter F. Hayes; president, M. J. Scales; first vice-president, Clarence Bodmer; second vice-president, George A. Brown; marshal, Anthony Muchado; recording corresponding secretary, Edwin McInnis; inside sentinel, Ray Brown; outside sentinel, James Black; financial secretary, H. J. Leonard; treasurer, M. A. McInnis; executive committee, T. F. Furlong, R. A. Knapp, K. A. McDonald; medical examiners, Dr. John P. Slavich and Dr. Ben Stetson.

R. A. Knapp and Edwin McInnis were named as delegates to the 35th Grand Council, with T. F. Furlong and Dr. Chas. J. Broad as alternates.

Oakland Council No. 6 has made much progress during the past year. The council was honored at the 34th Grand convention by the naming of M. A. McInnis one of its officers as grand president.

STOCKTON MEN FACE VICE PROBE

STOCKTON, June 20.—Vice investigations which threaten to involve some of the best known men of the community have been begun by the district attorney's office, according to information given out here. All day long District Attorney Charles Light was closeted with the grand jury, which questioned most of the twenty women arrested in a systematic vice raid last Saturday night.

The district attorney said that he had the moral forces of the city back of him and he was going to clean up the vice here if it were possible. Investigation is also being made into a ring of blackmailers which is said to have operated at a leading hotel until recently, using a 17-year-old girl to entice men of wealth or position into situations that could be photographed. The photographs, it is said, were then used to extract money, or silence reform workers and halt their activities.

One farmer is said to have contributed \$250 monthly for three months and another is said to have paid \$1000 spot cash as hush money. Federal officers were here yesterday searching criminal records in the sheriff's office, but they gave no information as to what they were seeking.

JAPANESE ACCUSED. PARIS, June 20.—A statement from the Chinese mission in London today that "Japan is making Shanghai the clearing house for her morphia trade in China."

WAR SERVICE FOR WOMEN

REQUIRES HEALTH AND STRENGTH

When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can say never. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss Flo KELLY, 476 South 15th Street, Newark, N. J.

The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.

Lydia E. Pinkham's Vegetable Compound

Booze Is Not a Good Cure. (From the Ames Iowa Intelligencer.) When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache. For sale by Osgood Bros. Drug.

Suit to Order

HERE IS A NEW ONE

The Nickels Tailoring Company invites the Public of Oakland and vicinity tomorrow, Saturday, June 21.

Select any Suit or Overcoat in the store. And if you like the goods present this ad., and it will cost you the regular price LESS

\$10

No suit pattern reserved. They all go at our regular price as marked, less \$10.

This is the dull season of the year in the tailoring business, and as everyone knows we have the largest workshop on this coast filled with a crew of expert tailors we do not wish to lay off, and to keep them they must have work.

Therefore we offer this extraordinary inducement.

TELEGRAPH POLE ENDS AUTO CHASE

T. A. Slusser, an Oakland chef, and Mrs. Slusser were sent to a sanitarium at Hayward and are now facing trial on a speeding charge, as the result of a race with officers of the law that ended when Slusser's automobile smashed into a telegraph pole.

Slusser, according to the charges of County Patrol Officer A. Murbach, was speeding at fifty miles an hour. Murbach started a chase after him on the boulevard after signaling him to stop, and at Hayward Town Marshal Dakin joined in the pursuit. At Ashland, two miles beyond Hayward, the officer caught up with the Slusser machine, and in turning out, Slusser hit the pole. His machine turned over, he and his wife being thrown to the ground. They suffered

SECRETARY OF STATE'S SON MARRIES NURSE

It took Miss Alice Kathryn Crossan of New York a very few days to nurse Lieutenant Frank Jordan, son of Secretary of State Frank C. Jordan, back to health, when he returned from France to the hospital in New York, where she was at work. But in those few days Jordan won the consent of the pretty nurse to be his bride.

The wedding of the officer and the nurse at Auburn, where the Jordans have a country home, has just been announced. Lieutenant and Mrs. Jordan have gone to Los Angeles, his former home.

Lieutenant Jordan was with the Grizzlies. He has been connected for some time also with the Auto Club in Southern California. His bride is a member of a New York family.

Mystery Surrounds Slaying of Mate

HOQUIAM, Wash., June 20.—Frank J. Snelling, first mate of the shipping board steamer Agorista, was found in his room on the ves-

sel with three bullet wounds in the top of the head, each one of which, physicians and the Grays Harbor coroner said, would have rendered the firing of the other two by his own hand impossible. The steward of the vessel, who accompanied Snelling to a hospital here, where

he died, refused to give his own name. He said he did not know the mate's name.

The mate's absence was not discovered until after the Agorista was ten miles down the harbor on her way to the Atlantic Coast with railroad ties. The steward reported

finding the mate. An automatic revolver lay beside Snelling, with a letter addressed to a woman in Philadelphia.

THREE SOLDIERS DIE. Names of three Californians ap-

pear among the casualties announced by the war department today. They are:

Died of disease—Private George E. Hunt, Eureka; Private Leo Rosenthal, San Francisco; Private Geo. S. Dailey, Exeter.

RICH ORE IS STRUCK. BAKER, Ore., June 20.—A streak of high-grade silver ore running more than \$1000 to the ton is reported from the Ben Harrison mine in the Grant district by W. C. Fellows, manager. Shipping ore to the Oregon-Idaho Investment Company will begin today.

FRIDAY, JUNE 20, 1919.

INVESTIGATING THE WAR JOB.

Much uneasiness in the ranks of the Democratic administration, and perhaps considerable misunderstanding on the part of the public, has accompanied the preparation of the Sixty-sixth Congress to investigate the expenditures of the government on account of the war.

The administration workers have industriously tried to convey the impression that the proposed investigation was born purely of political motives. Mr. Homer S. Cummings, chairman of the National Democratic Committee, in his speech the other day in San Francisco before an audience largely composed of postmasters, gave an impressive example of this attitude. On the other hand many persons not at all interested in politics have been led to the conclusion that the very proposal of an investigation indicates that something is wrong.

As far as the administration lieutenants are concerned their fears, if they are genuine, are unfounded and their tactics to belittle the proposed investigation will prove unfruitful. As far as the general public is concerned the enquiry may discover that a great deal has been wrongly done in an unnecessarily extravagant manner, but this should not be prematurely taken for granted.

The proposed investigation has a three-fold purpose. First, to inform the people as to how their money has been spent; second, to determine the accuracy of the many allegations, not emanating exclusively from political quarters, that more financial commitments have been made since the armistice was signed than were necessary, and to put a stop to such practices if they exist; and, third, to study expenditures and to discover the mistakes, if any, that have been made, as a guide in any future like emergency. It is the duty of Congress to conduct such an enquiry into the acts of the government during the war period. It is not a political duty, but a plain official obligation.

Such an investigation is the only means by which an impartial and informative audit of the government's acts can be made. No other agency for the performance of this very necessary work exists. The people want to know, have a right to know, and expect to be informed of the true record of the great task of prosecuting the war.

There is a vast part of the record that is praiseworthy and cause for pride on the part of every citizen. A lot of mistakes were made that were inexcusable and the people should know them so that they may not be inflicted at some other time. A few officials were inadequate for the tasks assigned them and some proved themselves unfit for the positions of trust they occupied. These should be known, not with an idea of persecution, or even future prosecution unless the circumstances abundantly justify it, but with the sole purpose of making the record an open public one.

Such enquiries have been made at the conclusion of every war in which the country has engaged. It is purely the accident of politics that the majority of the present Congress belongs to the party opposed to the President and his administration. It must be presumed in all justice that such an enquiry would have been ordered and conducted by Congress regardless of which political party was in the majority. Had the Democratic majority continued into the Sixty-sixth Congress its duty to conduct such an investigation would have been unavoidable.

HENRY ROGERS.

With the death yesterday of Mr. Henry Rogers one of California's oldest and best-known bankers and one of Oakland's most respected citizens passed away.

Mr. Rogers was familiar to banking and business circles of this city largely because of his connection for over thirty years with the Oakland Bank of Savings. During this period he contributed conspicuously to the financial and business development of Alameda County. His faith,

knowledge and experience were important factors in the community's advancement.

But the career of Mr. Rogers was not confined to Oakland. He was one of the pioneers of this State, being over eighty years of age at his death, and before coming to this city he was interested in banks and business affairs in several other communities of Northern and Central California. He also saw the State develop and was an instrumentality in its development.

Few men in this State have had a more satisfying and useful career than Henry Rogers. Few men in business or finance have been privileged to have more friends and admirers than he.

UTILIZING THE AIRPLANE.

Official War Department statements show that the airplane is being usefully applied in the forest patrol work of California. At the same time the airplane as a military instrument is being studied and developed to further efficiency and pilots are obtaining practical knowledge of numerous ways in which aircraft may be employed.

A recent bulletin contains the information that the first all-night flight of an observation balloon in America is the record of Ross Field at Arcadia, California, where observers performed the feat in cooperation with the Forestry Service. On account of the extremely dry weather this was considered a timely experiment and thirty miles of the Sierra Madre mountain forest reserve was carefully watched throughout the night. The pilots and observers were in the balloon seventeen hours. They maintained an elevation of 1500 feet, which gave them a wide view of the ground, and tests were made in signaling, map reading and the lifting power of gas.

Airplane forest fire patrol continues daily from Mather Field at Sacramento, two patrols being on duty each day. One covers points from Mather Field to the Tahoe National Forest and return, a distance of about 180 miles. The other patrols between the flying field and Eldorado National Forest—about the same round-trip distance. The time necessary for each trip is about three and one-half hours, and on the day the patrol was inaugurated three fires were discovered and reported to the Forestry Service.

Such practical use of the airplanes in ordinary life will do much to encourage further development both of the craft and its operators. Given a definite thing to perform, the government air service will devote less time in testing the extreme capacity of the airplane and more in creating a place in ordinary life that will insure its permanency.

THE WARNING OF HISTORY.

United States Senator Lodge, in addressing the graduating students of Harvard University, compressed a lot of impressive, instructive history into a very few sentences. He said:

"At the close of the last century there was a quite general belief that serious wars would not come again. Some doubted, and for their skepticism were called 'jingoists,' 'war lovers' and 'pacifists.' But almost every one felt sure that if war should again break upon us its horrors would be reduced to the lowest point, and that by the conventions of Geneva and The Hague the sufferings and cruelties of past wars would be largely eliminated.

"Suddenly the great war came. Germany, esteemed by all as a highly civilized nation, entered deliberately upon a course of savage cruelty, worse than any ever imagined. The world had known barbarism before, but never had anything fallen upon men comparable to the scientific, wholesale atrocities carried on by Germany, by which not merely individuals but entire communities were subjected to the most hideous sufferings and the most utter ruin which highly trained minds entirely destitute of humanity could devise.

"As for treaties and laws, they went in the fierce flame of war as quickly as the dry leaves of autumn when a spark falls among them. The beautiful scheme of making mankind suddenly virtuous by a statute or a written convention was once more exhibited in all its weakness."

It is reasoning from these facts that has led THE TRIBUNE repeatedly to express the opinion that a covenant of nations, while offering some hope that the dangers of future wars may be somewhat lessened, cannot be relied upon to prevent international conflict. It is such reasoning that warns Americans that if they do accept the League of Nations agreement they cannot safely abandon the policy of adequate national preparedness against all possible foreign aggressors.

WOMEN'S SUFFRAGE IN FRANCE.

By the remarkable vote of 244 to 97 the French Chamber has resolved that women shall have the franchise on the same terms as men. The resolution of the Chamber has to be ratified by the Senate, but in any case such a resolution points to a very notable change in France. Despite their reputation for radicalism and revolution, the French have been extremely conservative in their attitude towards women. The resolution, proposing to enfranchise women was moved by a Socialist deputy and eloquently supported by Radical leaders like MM. Viviani and Briand. That, too, is a little remarkable. In Catholic countries the advanced parties have been disinclined to give women the vote because of the fear that women might in the main be under Clerical influence. Thus a few weeks ago when the Belgian Chamber proposed to enfranchise women on the same terms as men, the Socialists resisted the change and ultimately secured its drastic modification. In France they think otherwise, and the Socialist deputies and the Socialist press are the foremost fighters for the political equality of women. It will be interesting to see how Frenchwomen will use the vote when they get it. Of course, France is not the first continental country to take the step. In the Scandinavian countries, in Russia, in Germany, and, we think, in Poland, women have the vote. Indeed, the whole European continent is likely within a very few years to abolish the sex qualification for political rights. Meanwhile a constitutional amendment to enfranchise women is under consideration in the United States, and is fairly certain to be adopted. The conquest of the vote by women is becoming world-wide, and the swiftens of the triumph is one of the most striking things in the history of political liberty.—Manchester (England) Guardian

NOTES and COMMENT

Governors appear to be flying high these days. To date the chief executive of Oregon holds the record, 8000 feet being the height reached in his flight from Portland to Sacramento. According to report Governor Olcott took a nap en route. This information will be received with incredulity by insomniacs who find difficulty in slipping into the arms of Morpheus on terra firma.

Announcement is made that the Pacific will soon have a great battle fleet. It has been a long and hard fight to secure for the Pacific ocean a fair percentage of the ships of the navy. No date has been fixed for the division to be made. It is hoped that it will not be delayed long enough to permit the little navy advocates in Congress to put through a program that will make half of the fleet appear insignificant.

"San Francisco's Hetch Hetchy railroad is to pay for itself," the public is informed in large headlines. This may be true, but recent experience in public railroad operation have made the average taxpayer somewhat dubious. In these days estimated costs of construction are at least open to discussion.

The local woman who had divorced two husbands and boasted she would get her third, evidently reckoned without taking the judge into her confidence. She has lost hubby, but in the instance this was his move. Better luck next time.

Coffins are now classed as jewelry and subject to a five percent tax if adorned with handles. The average occupant is not particular as to how the outside is adorned, or as to the amount of government tax.

Pressing a libel suit in Michigan. Judging in a Washington investigation of a rival's election to the Senate, and building automobiles, all at the same time, is enough to keep an average man fairly busy.

Seventy-five million dollars is said to be the daily average appropriation being made by Congress. This alone might be considered a fairly sound argument for hastening peace, and shaking off the incubus of government ownership of railroads.

Cartanza objects to the crossing of United States troops into Mexican territory. So accustomed has that government become to committing outrages upon American citizens that resentment cannot be understood. A few troops across the border will accomplish more toward gaining respect for the American flag in that locality than a bushel basket of communications for which the Mexican government has no respect. Uncle Sam has been trying diplomacy in dealing with our southern neighbor for a number of years without effect. The language spoken is not fully understood and if necessary can easily be repeated. It may be necessary to prolong the next visit.

The Sacramento Bee is in doubt whether the heat is to be escaped by death. "In New York City recently a man drowned himself to escape the heat." Whether he escaped it that way or not may depend upon the life he led."

Possible lunch for Mayor Davis, from the San Diego Union: "Don't rush into the Mayor's office looking for a lunch. Mayor Davis has a peckhamile in every reaching distance from his chair and Secretary C. P. Cook has a razor on the desk in front of him all during business hours. These implements," said the secretary, "are a great deal more quiet than guns, but fully as effective."

The Redding Searchlight thinks that science has not yet solved everything. "Due to science and fine discoveries of agricultural colleges, one can almost understand the pig, but the human being continues to be a riddle."

The Redding Searchlight discusses the president's return: "It is announced that Woodrow is coming home. People had just naturally got to thinking that he was at home where he was."

SPIRIT OF THE STATE PRESS

Dr. Jackson deserves to get his dose of "June" back again. He has certainly spared no pains in telling us earnestly he desires the return of "June." His human interest ads have been copied as valued contributions to the literature of lovers of dumb animals and read by hundreds of thousands of Californians. Hard indeed must be the heart of the culprit who, holding possession of "June," reads the appeal of the doctor and yet fails to restore.—Chico Enterprise.

It appears certain that the legislature of California will ratify on behalf of this state the woman suffrage amendment to the national constitution. The Bee, while the original newspaper champion of woman suffrage for this state, does not think this should be done. It believes—as President Wilson's lies—that the suffrage question is one that should be left to the individual states.—Sacramento Bee.

Something of a furor was kicked up down in Orange over the action taken in connection with the robbery of a teacher's desk of \$25, collected in the school for a charitable institution and left in the desk all night. When the loss was discovered the children of the entire school, about 250 in number, were lined up and searched. Parents furiously resented the proceeding.—Visalia Times.

From Chicago comes good news for the housewife, who has been anxiously scanning the papers for any sign of the hoped-for decline in the price of every-day necessities. Experts in the great market center predict that, on account of huge storage stocks, lack of heavy export and a big production season, prices of butter and eggs will drop.—Sacramento Union.

What is doing TO-NIGHT.

Graduation exercises, St. Mary's College.
Alameda senior high dance.
Royal Neighbors hold social evening.
Berkeley high pupils graduate, high school auditorium, Berkeley.
Oakland high school holds graduation exercises, Auditorium theater.

Lake Merritt—Boating.

What is doing TO-MORROW.

"Eljah," Schumann-Rieck, Greek theater, evening.
Canadian sailors entertained, Unity hall, Berkeley, evening.
Oakland Institute and American Council give Yama-Yama dance, K. of C. hall, evening.
Swedish-American League meets, Shellmound park.
Scouts hold relay carnival, California oval, 7:30 a. m.
Free TRIBUNE-American moving picture show, American, 9:30 a. m.

OPPOSITIONS OF THE TREATY.

To the Editor of The Tribune:
I am irresistibly moved to extend congratulations to THE TRIBUNE on the patriotic and sound good sense of the editorial in your Monday issue on "Oppositions of the Treaty." Personally I believe the President has done the best that could be done under the stupendous difficulties of his position and has actually accomplished enough to entitle him to the gratitude of America and the world. Those who think he is to blame for the war, who think he might have done much better with the advice and consent of the Senate. The verdict even of remote history may not be unambiguous about that point. I do, however, feel called upon to give it as my humble opinion that if California's favorite son wants the votes of the women of his state to make up an other 20 per cent majority for him in the near future, he cannot too thoughtfully place himself in line with the judicious and truly patriotic hints in the editorial above referred to. ELIZABETH ROUSEWELL, 3250 Laguna ave., Oakland, June 18, 1919.

VANDERLIP

It is not enough to say that Frank A. Vanderlip brought vision to Wall Street twenty years ago—a large, fine western vision. Other men have done that. He did not lose his vision in Wall Street, and that is an achievement worth dwelling upon. We suppose he has made a great deal of money as the head of the largest American banking institution. He could hardly help doing so. The work he did was paying work. But he never seemed much preoccupied with money making. He never was too busy with the affairs of finance to turn reporter again and go about the world, particularly the very finest part of it which we call our own, with an open mind and a seeing eye. He never returned empty-handed. He had always something unexpected to say. And besides, he talked finance and economics in the language of people. That made everybody listen.

"I shall be active in many things," he said, on "putting down the presidency of the National City bank. "We are coming to a time when there is going to be a lot of things to do, at which I think I can be of some help." We think he puts it modestly.—New York Tribune.

TODAY 20 YEARS AGO.

License Inspector Frank Barnett is appointed deputy clerk in the Supreme Court at a salary of \$150 a month.

Niles business men form an anti-treating society, pledging that for six months they will not smoke or drink at the expense of a member or ask another to join him.

Fifteen families, including Dr. N. K. Foster and family, are camping on the Brower ranch, back of Elmhurst, for the summer.

Daily output of Emeryville cannery is 699 cases of 16 cans each.

AN AMERICAN OBJECTION.

In his speech on the league of nations Senator Robinson said, referring to Senator Reed: "He reclassified the human race. He divided it into two classes, white and dark, and under the dark classification he put every other race except the white race."

Then Senator Owen of Oklahoma arose in his place and said: "Mr. President, as a Cherokee Indian I object."—New York Sun.

THE JESTER

The Crowning Insult.
"I've got a wisdom tooth that's paining me horribly."
"If you were wise you'd have it extracted."—Cartoons Magazine.

Naturally.
These editors we
scribes adore.
Who say "Accepted!"
Send some more!"
—Cartoons Magazine.

The Burden of Riches.
"Did I understand you to say Mr. Graboon enjoys a large income?"
"He used to."

"But isn't he still rich?"
"Yes. He quit enjoying his large income about the time he received his first income tax blank."—Birmingham Age-Herald.

Small Figured.
Wife (treading). Big checks for dresses will not be in demand this season.
Husband: Thank heaven!—Cartoons Magazine.

Will it be missed from out the night?
I ask myself this question: "Why, if not offending in God's sight, should this one star prefer to die?"
—Frank Lawson, Sing Sing No. 67070, in Star-Bulletin.

HEALTH and HAPPINESS

What Some Headaches and Eye Troubles May Mean

(Johns Hopkins University.)
BY DR. LEONARD K. HIRSHBERG
A. B., M. A., M. D.

Certain unsuspected conditions of the nose produce headaches and eye disturbances of a chronic, periodic nature. When, for instance, there is a closure or obstruction of the runways and channels between the forehead—the frontal bone—and the nose, with or without any active bacteria or inflammation, there may be congestions of the eyes or of the forehead.

"Neuralgic" headache symptoms of considerable definiteness and distinctiveness may follow half a dozen different kinds of nasal fullness.

Various kinds of nasal corrays—running nose—deflected partitions, swollen membranes, congested tissues and cartilages or bent sphenoid and ethmoid bones of the nose, may so irritate or press upon the nerves, ducts, channels or chambers of the frontal cavity and eyeballs as to be a source of headaches, which only a slight nasal operation can prevent from returning from time to time.

Migraine or hemikrania, the "half-sided" headache, is found at times to be associated with overgrowth and inflammations of the sphenoid and ethmoid bones. Only a cessation of the suppurative or matter formation and the use of the nasal surgeon's knife can be expected to make a positive cure of headaches of this sort.

"Hyperplastic sphenoiditis," a curious kind of disease of the sphenoid bone of the nose, has been found by Drs. Sluder and Jonathan Wright to be the impish source of many headaches. Inflammatory mischief inside this bone may irritate or inflame a nest of nerve heads and fibres and thus in no direct manner arouse the larger nerve trunks to rebel. This rebellion is recognizable to you as eye disturbances or headaches. The channels through bone into which these nerves just fit snugly are thus partially closed. The compression and squeeze upon the trunks make the sensitive nerves tender and painful.

Obviously, headaches and eye troubles thus caused will return over and over again, no matter what is used to dull them. Unless a nose specialist, who is also a skillful nose surgeon, can insert his delicate instruments thereabouts and remove the offensive material, life-long headaches will be expected. The solution of this physiological problem falls upon the nasal surgeon. It is work for the rhinologist, not the family physician or the pharmacist.

A FALLING STAR.

Last night I saw a blazing star in angry passion leave the sky. It seemed to fall so very far. In order that it, too, might die.

Did God in anger hurl it forth? Was it an outcast? Had it sinned? Did it no longer glow on earth? Had its God-given glory dimmed?

Will it be missed from out the night?
I ask myself this question: "Why, if not offending in God's sight, should this one star prefer to die?"
—Frank Lawson, Sing Sing No. 67070, in Star-Bulletin.

REVELATIONS of a WIFE

by ADELE GARRISON

(Continued from yesterday.)
As the peal of the speaking tube bell sounded through Lillian Underwood's library she fairly sprang toward it. Her answers were accurate in tone, laconic in words, and it would have taken even a duller intellect than mine not to realize that there was notice of danger in the words coming over the wire from Betty's kitchen.

A MOUSE!

I closed the heavy oak door. From beneath it seemed to me to come a rattling noise, locked it, and shut the heavy bolts with which it was additionally guarded. Lillian had told me that there was an inner door between the outside heavy panels of oak, and the knowledge was a comfort to me in view of the terrifying sounds I had heard below. No sound of what was happening below, however, penetrated through the massive door and heavy hangings of Lillian's wonderful brown-toned library. I might have been in another place as isolated as I.

THE TIP OF A SAW.

"A mouse," I thought to myself, and almost laughed aloud in derision of my own folly. A moment or two later I was thankful indeed that I had uttered no sound, but instead had continued to gaze fixedly at the closed door.

AND FLOOEY! WENT HIS WELL LAID PLAN TO DODGE HIS MUSICAL PRACTICE WHILE AT THE SEA SHORE

TRIBUNE'S DAILY ALMANAC

JUNE TWENTYETH.

De Soto died (1542) and was buried in the River he discovered; Maryland granted to Lord Baltimore (1632); Great seal of United States adopted in 1782; Jesse L. Reno, soldier, born in 1823, little dreaming that his name would become synonymous with freedom.

SPECIAL DELIVERY.

One thousand kisses, sent by mail to an Oakland physician, won a divorce for his wife. May one remark that along with chickens, dry goods, baby carriages and bombs, they are now sending much by parcels post.

HONK!

I'll quit these years of grind and fray When I shall ask a second time, With sign-posts pointing out the way.

LOVE NOTES OF A DIVORCEE.

Dearest Wife: Here's an inexpensive opening for revenue on that affinity of mine whose name you dragged into your divorce case over my protests. She has scorned my offer to take her to the theater tonight and is going with a real car.

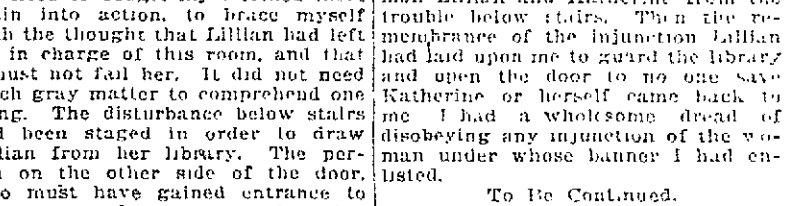

OPPORTUNITY GOES BERRING.

Nary a popular song have we heard, with the refrain, "Be my bombing baby Doloschick." Nor a college yell, "Bang! Bang! Doloschick!" Neither has anybody thought of calling the Russian gentleman "A thing of booty and annoy forever."

TO BE CONTINUED.

MORE WATER, BOYS

When you water the garden give it a good drenching, but not while the sun shines. Learn all about gardening from the booklet The National War Garden Commission, Washington, will send for two-cent stamp for

WHAT SHOULD I DO?

I am twenty-four, this true. But folks hardly take me for that because I am little, happy, jolly and so girlish. The boys all believe I am too pretty, too happy, too lively to think about settling down and marrying!

THE SAME OLD STORY.

It isn't. It's the same old story. Only this time, do you know—little, foolish sister—I'm sorry for the man. He must respect by this time how foolish you are.

JUST HATS

A LETTER-PLAY BY RICHARD WIGHTMAN

To J. O. B.

Punch (I)

Nothing matters only this: That the fight you made was fair. Goals of glory you may miss. Honors you may fail to wear. But if you have done your best You have met the real test.

THE CHEERFUL CHERUB

I won't give up my faith in life. However drab and dull things are. Although I stumble through the mud, I'll keep my eyes upon a star.

Visalia Winery is Sold to Japanese

VISALIA, June 20.—The large winery and vineyards of Frank Glanville were sold today for \$500,000 to a Japanese syndicate, which plans to subdivide the land into small orchards and use the winery for a packing house.

Modesto Woman Succumbs to Burns

MODESTO, June 20.—Mrs. C. V. Hamilton of Ceres, near here, died at the hospital here from injuries received when an oil stove tank exploded. The woman's clothing took fire. Although she had presence of mind enough to attempt to extinguish the flames by rolling in the grass on the lawn, the burns proved fatal.

How would you answer this letter, girls?

AGNEW RULE GIVEN PRAISE BY WITNESSES

AGNEW, June 20.—The theory of the Agnew state hospital administration that the whole present investigation into the conduct of the institution is the result of public credence given to the delusion of a paranoiac that he was being persecuted was advanced by Senator Frank H. Benson, attorney for Medical Superintendent Leonard Stocking, when the special board of investigation resumed its probe here.

HEAVINGS HARMFUL.
That hospitals for the insane and the patients themselves are harmed through public investigation of the charges of patients or former patients who cannot separate fact from delusion was also the testimony of these specialists—Dr. H. C. McClenahan of San Francisco, neurologist, Dr. Milton B. Lennon, instructor in neurology in psychiatry at the University of California, Dr. Eva Charlotte Reid, instructor in psychiatry, University of California, and Dr. Glen E. Davis, captain in the medical corps of the army and in charge of the ward treating mental diseases in the Letterman general hospital, San Francisco.

Dr. H. C. McClenahan of San Francisco neurologist and former assistant superintendent of the Gardner Sanitarium at Belmont, testified that he had occasion to send many patients to Agnew and that any who returned never failed to speak in terms of the highest praise of the treatment received there.

Questioned by Edward I. Tyrrell of the lunacy commission as to whether

'BLUE BIRD' BUREAU OF THE TRIBUNE

"You who own automobiles! Can you be persuaded to act as chauffeurs Sunday afternoon?" On two Sundays in the month entertainers are taken by machine to the Arroyo Sanitarium to cheer up the patients there. It is their only good time in the weary ill days that drag by, and while the entertainers are willing to give their services, good fellows with automobiles, to take them there are lacking. They start from the Y. W. C. A., 1515 Webster street, at 12 o'clock and are back in Oakland at 5:30 if you feel that you can donate an afternoon and an automobile, will you let the Blue Bird know?

Brown-eyed, red-haired, four-year-old, with smiles galore, he asks to be adopted. He is of Dutch-American parentage, and his mother—well it seems she has deserted him. Maybe her life at home was uninteresting, maybe there was someone else who mattered more—who knows? But the fact remains that his father, who broke his heart and alone, is unable to take care of his

or not he would advocate civil service rules in the employment and discharge of hospital attendants. Dr. McClenahan declared that it would not work satisfactorily unless the civil service board thoroughly understood hospital management and were qualified in a professional way to select fact from delusion in the testimony of the insane.

In reply to Senator Benson's inquiry as to whether he considered a jury competent to judge the sanity of a paranoiac, he declared that it was not.

DR. STOCKING HUMANE.
In reply to a question by Senator Benson, Dr. McClenahan stated that Dr. Stocking had "gone to the extreme in the human and sane method of treating the insane. The insane patient is viewed as a sick man and not as a person responsible for his acts."

little four-year-old son with his smiling brown eyes and his red hair, and is willing to let some couple who are able to raise him take him as their own son.

Into the Blue Bird department came a woman yesterday who wanted to adopt a girl. The brown-eyed, four-year-old boy wouldn't do, she must have a baby girl about a year and a half old. She promises to give such a child a good home.

The little boy who walked so many miles to and from his work has his bicycle. A Good Fellow phoned that she had a good wheel in storage, so our little friends can ride his "bike" to and from his work and save many a weary step.

No one has donated an accordion to the leper boy at the infirmary.

19 More Service Crosses Awarded

WASHINGTON, June 20.—General Pershing, in the name of President Wilson, has awarded 19 more distinguished service crosses to officers and men of the A. E. F. for acts of heroism in the war department announced today. Among those honored were:

Major Lyman S. Frasier, Kansas City, Mo.
Corporal Eugene R. Ferguson, Minneapolis, Minn.
Private R. Evans Lebo Kas
Private Daris V. Ford, North Platte, Neb.

FLOATING KIDNEY GOING.
ASTORIA PARK, N. J.—With the lowering of coast pressure from waist to hip the famous floating kidney has almost disappeared. Dr. Horace Packard told the homeopathic convention.

A cup of fine rich tea, full of the real tea-flavor, costs less than a cup of common tea—a pound makes so many more cups.

Now this is either so or not so; and you can prove it at our expense.

Get Schilling Tea at your grocer's. Serve it a half-dozen times. If you don't find it's the fine economical tea we say it is, tell your grocer "I want my money back" and then use the rest of the tea.

There are four flavors of Schilling Tea—Japan, Ceylon, India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

Schilling & Co. San Francisco

CITY VOTES \$5000 FOR JUNGLE TRIP

Oakland was today assured of a new and extensive collection of African animal and bird specimens when the city council provided the means for treating and transporting such specimens as may be obtained by Leslie Simpson, the Oakland explorer, who is now in Johannesburg preparing to enter the African wilds.

The council voted to appropriate \$5000 for this purpose. The money will be used for Henry Snow, zoologist and naturalist who is in charge of the Oakland museum, to join Simpson in Africa and to take charge and prepare all the specimens for shipment to Oakland.

A lengthy communication was read in which was stated the aims of the Simpson expedition. Simpson plans to secure for Oakland some of the best exhibits that have ever been brought to museums of the United States. He is an old explorer and has had much experience.

Mayor's Right to Vote Challenged Water Front Lease Stirs Berkeley

BERKELEY, June 20.—Will distinction of even having his name on the assessment roll of the city? The mayor declares that there is nothing in the city charter which will prevent him from casting his vote on the lease. "It is the lands that we are to lease, not any private property," he declares.

At a meeting last night of the West Berkeley Commercial Club, which started the fight between the present and incoming mayor, Birrell charged that the fact that Mayor Irving recently gave an option to Rufus Jennings on 70 acres of waterfront land owned by him in Berkeley made him personally interested in the waterfront project and desirous of seeing the lease granted to the Oakland capitalist.

To which Mayor Irving makes reply: "The fact of my owning land on the waterfront has been generally known for some years. It has been no secret. I may own land but the incoming mayor cannot claim the

Liquor Tax Stamps Sold After July 1

WASHINGTON, June 20.—Although Congress has no reason to doubt that wartime prohibition will become effective July 1, the Internal Revenue Bureau in accordance

with an opinion of the attorney-general will continue the sale of tax stamps for intoxicating beverages after that date. Commissioner Roper said, however, the sale would be with the distinct understanding that the manufacture or sale of prohibited beverages was in no way authorized.

WIRELESS EXPLITS RETURN VALLEJO, June 20—Chief Special Radio Mechanics J. F. Hall and

It. Haller have arrived at Mare Island after spending fifteen months overseas. The wireless experts were stationed at the Croix D. Huns, Lafayette Station, fifteen miles from Bordeaux, where the United States Government installed a \$1,000,000 radio plant.

Kimball Electrics Tie Score in Ninth, But Redmen Win Out

Bill Clark's Kimball Electric nine lost a tough game to the Redmen at the Richmond ball park, the score being 3 to 2. The boys sporting the Kimball uniforms hit the ball some hard wallops, but the best they could do was to make three of the drives land safe. It seemed that when a fast one would leave their bats there would always be some Redman to catch it.

The Kimbals were on the short end of the score in the ninth inning, but a triple by Critz started a rally that tied the score, 2 to 2. But the Redmen came back in their half and put over the run that won them the game. Goodwin pitched a swell game for the Kimbals, fanning twelve batters and allowing six hits. Pinkerton, pitching for the Redmen, pitched a good game also, but was good

support to thank for his wls. The score:	
KIMBALL ELEC. CO.	REDMEN.

The Waterfront

With full cargoes of wheat from Sidney, Australia, the five-masted barkentine City of Sidney and the ship John Bua, are due at this wharf tomorrow at 11 a. m. from San Francisco, via San Valero. The former vessel sailed on March 14 and the latter March 22. The John Bua is a steel ship of 1,500 tons, built at Seattle, 27 years ago, and is named after a rich merchant of that city, who at that time owned a large interest in the craft. A cargo of wheat was purchased by King, Colquhoun & Co. The City of Sidney was formerly owned by the ship company.

[illegible]

to let her go and ordered another sale to be held at the same place and time to be offered at least \$3000 for the craft. The *Harriet* is a steel craft of 1450 tons and left Arthur Jones for Manila on May 1 a year ago. On October 25 she put into Honolulu and was damaged by a cyclone. The cargo and the bark was destroyed by fire. Since that time the bark has been idle at Honolulu in idle dock, while her owners refused to pay.

The speed boat Point Loma, operated by the War Department to assist aircraft that were destroyed by fire early this morning.

Lumber rates from northern ports by water were raised yesterday 50 cents per thousand feet, except for redwood and cedar, which are shipped. The present prices are \$7.50 per thousand to the Golden Gate ports and \$6.25 to Southern California ports from the coast and 50c less from Grass Harbor and Columbia river points.

The American steamer *Kangai* has sailed on a railroad line from the Columbia river to Northland.

The barkentine *Olympic* will load part of her cargo at this port and will then proceed to Seattle, where she will be sold to the *W. A. Moore & Co.*

Deposits made on or before July 10th, 1914, earn interest from our first dividend month.	

THEATER MAN
NABS ALLEGED
PICKPOCKET

Following a hand-to-hand fight on a crowded Grove street car, while passengers were thrown into a near panic, Tom Gillen, a mechanic, is held at the city prison as a pickpocket.

Gillen was arrested by Harry E. Cornell, manager of the Orpheum theater, last night while, according to the charges, he was picking the pockets of Domingo Mizeo, 3320 Grant street. Cornell and the prisoner grappled and struggled on the floor of the car, until Mizeo and Special Policeman C. A. Christopher came to the theater manager's aid, and Gillen was handcuffed and taken to the city hall.

Cornell, who is a deputy sheriff, arrested Gillen after he says he had watched the man remove Mizeo's purse. The purse was found in Gillen's possession at police headquarters. The police congratulated Cornell on the arrest, saying that it is unusual to be able to arrest a pickpocket with the stolen goods in his possession.

The police are investigating details of Gillen's antecedents, to ascertain if he is connected with the

WHISKY CACHE
OF 498 PINTS IS
FOUND ON TRAIN

Somewhere in Oakland there is one, and possibly more than one, disgruntled, disappointed employee, or employees, of the Pullman company. Circumstances that make for this state of mind are related in advices received today from Portland, where there was discovered in the hollow space between a vestibule and the ceiling of a Pullman car 498 pints of whisky. Destined to be sold to thirsty Oregonians at \$7 or \$8 a pint, that which had cost the one who cached it about \$1 now is in possession of the sheriff of Multnomah county. No arrests have been made, but it is considered probable that loss of expected profits will not be the only penalty paid by the one, or ones, responsible.

recent epidemic of pickpocket offenses reported at the police station. Cornell, who made the arrest, was twelve years ago a New York secret service man.

Gillen, according to the police, has a long record under the name of "Joe Green." He was shot three years ago while attempting to escape from Policeman Charles Turcotte after a robbery, and served for several other affairs. Turcotte shot Gillen in a chase after he had interrupted him while, according to the charges against him, he was holding up a victim at Eighth and Washington streets. The man was in the hospital for some days.

GIANT TANKER
IS LAUNCHED
AT ALAMEDA

The 11,500 ton steel tanker "Dillwyn," one of a fleet of eleven tankers under construction at the Alameda plant of the Bethlehem Shipbuilding yards, was given bon voyage late yesterday afternoon by Miss Denise Roux of San Francisco, when her harness was released and the mammoth tanker moved silently down the ways to the sea. A bottle of California champagne was broken over her bow and the spray turned golden in the sunlight.

Among the crowd that cheered as the big bulk glided down the ways were many workmen who were present when the keel was laid last December. Miss Roux was accompanied by Mrs. H. P. Arthur and Miss Dorothy Frankena. Others present were Vice-President General Manager J. J. Tyman, assistant manager, Alfred S. Gunn, E. D. Coblenz and James Bullock, resident inspector for the Emergency Fleet Corporation.

JAPANESE GO TO SIBERIA.
TOKYO, June 17.—Vice-Chief Fukuda of the general staff and Colonel Haraguchi left today for Siberia.

Theater Party for Tribune
Carriers and School Children

50,000 Club Will Entertain
Tomorrow Morning With
Big Free Program.

Johnny and Mary and all the rest of the schoolboys and girls of Alameda, Oakland and Berkeley, and TRIBUNE carriers are hereby warned that tomorrow morning is the time for the big free picture show and entertainment given by The OAKLAND TRIBUNE'S 50,000 Club at the American Theater. This show and entertainment is absolutely free and is given through the courtesy of the management of The OAKLAND TRIBUNE and the American Theater. All that is necessary is to present yourself at the doors of the theater, Seventeenth and San Pablo avenues at 9:30 tomorrow morning, if you are over 10 years old and not over 16. Children under 10 years old will be admitted if accompanied by their mothers.

Following is the program in full: Moving picture, "When Black Is Read"; Bernice Jorgensen, The TRIBUNE's little sailor girl, in the song, "And the Navy Will Bring Them Back," accompanied by Mrs. I. Clayton; Florio May Tyrrell, the Little TRIBUNE Girl, and Bernice Jorgensen in the "Piration Dance," accompanied by Mrs. I. Clayton; Florio May will also sing "They Simply Go Wild Over Me"; Mrs. Fred Slemmons, Oakland's clever ventriloquist, in ten minutes of fun; Bernice Jorgensen in "The Peacock Dance," accompanied

BERNICE JORGENSEN

Mrs. I. Clayton; Kloss and Termini, from Pantages Theater, in "A Musical Highball," will help to add pep and jazz to the show; Miss Rosalie Harrison, Oakland's sweet-voiced singer, in a selection of comic songs; a surprise act by Florio May Tyrrell, accompanied by Mrs. I. Clayton; a few minutes' talk to the kiddies.

LAMBS STOLEN
FROM TRAINS IS
LARCENY CHARGE

LIVERMORE, June 20.—Fannan George was arrested Wednesday night for stealing lambs from freight cars passing through the valley. He had broken into a cattle car and removed nine lambs, seven of which were recovered. Lambs being worth \$10 each the charge will be grand larceny.

Institutes to Give
Yama Yama Dance

Knights of Columbus hall will be the scene of a unique dance tomorrow evening, when Oakland Institute, No. 15, of the Young Ladies' Institute, and American Council, No. 5, of the Young Men's Institute, will unite in a yama-yama dance. Through the courtesy of Mrs. Richard Harding Davis of Bridgeport, Conn., who was well known on the stage as Bessie Clifford, creator of the yama-yama dance, Miss Delphine Kenney of Oakland Institute will appear in the original yama-yama suit which Miss Clifford wore at the time she created the dance.

The committee in charge of the affair desires that no one remain away for lack of a yama-yama suit, as there will be plenty on hand to fit those who do not bring their own. Miss Phoebe Garrison, A. Duffy, N. Kenney, Miss Grace McGivney, Miss Anna C. May, Thomas O'Brien, George V. Nolan, Miss Ella Lennan, Miss Blaise Robbins, Miss Catherine McHale, Miss Pauline May, Miss Delphine Kenney compose the committee of arrangements.

SUFFRAGE CALL
PLEDGES SENT
TO GOVERNORS

In order to determine the attitude of governors of the various states on the question of special legislative sessions to ratify the national suffrage amendment, Governor William D. Stephens has prepared and signed a pledge that he will call a special session as soon as enough governors to insure ratification have likewise pledged themselves. The pledge will be immediately sent to the governors of the several states and if the necessary number of pledges are secured legislative action is promised at once. The governor made the announcement of his initiative in the matter yesterday at a meeting of the California suffrage ratification committee at the St. Francis Hotel.

"The petition is a pledge prepared by the governor, which he has already signed, is as follows: 'I hereby declare that I will call a special session of the legislature of the State of which I am the governor to consider the ratification of the national suffrage amendment, to the Constitution of the United States whenever definitely assured that the necessary number of governors have stated their intention to call an extra session in their respective states.' In his address at the committee meeting, the governor expressed the opinion that California will ratify unanimously, and in the space provided on the pledge for remarks, he has so indicated for the benefit of the other governors. That the women have won the right and the opportunity to vote upon all governmental questions by their unselfish devotion to the success of the war was the sentiment expressed by Governor Stephens before the committee.

At the conclusion of the governor's address, Mrs. A. F. Morrison, presiding chairman, declared that the old enthusiasm of the California suffrage struggle would decide the issue. She called Governor Stephens "the suffragist's friend—first, last and all the time."

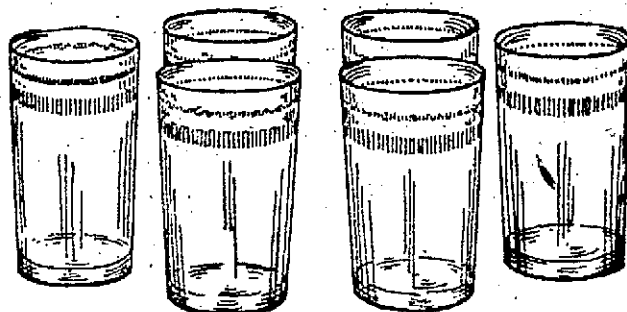

CANADIANS JOIN STRIKE.
NEW WESTMINSTER, B. C., June 20.—Over the strike call the members of local 620, steam and operating engineers, are out, tying up all large shingle and lumber mills of this district. Brewery workers will go out today. Carpenters are out. All men employed at the Poplar Island shipyards are out.

LEMON JUICE
FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. Advertisement.

A Professor of Medicine
on Internal Baths

Horace T. Dodge, M. D., Professor of Materia Medica, writes Dr. Chas. A. Tyrrell of New York as follows: "I can truthfully say that I have had the very best results in my experience with the 'J. B. L. Cascade.' You certainly have struck the key note of many diseases." By means of the "J. B. L. Cascade" simple warm water cleanses the lower intestine the entire length, removes all the poisonous waste therein, and keeps it clean and pure, as nature demands it shall be for perfect health. You will be astonished at your feelings the morning after taking an internal remedy with the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is working right and it is. It absolutely removes constipation and prevents Auto-intoxication. The Owl is a will show and explain the "J. B. L. Cascade" to you, and will also give you free on request a most interesting book, "The J. B. L. Cascade," Tyrrell of New York, specialist on Internal Bathing. Ask for free booklet "Why Man of Today is Only 100 per cent Efficient today—Ad."—Respectful mention.

Glad Sister Escaped
Operation

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of May's Wonderful Remedy and in a week she was able to get about and walked a mile to church." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes pain, bloating, stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Osgood's Dept. Drug Stores and druggists everywhere.—Advertisement.
